

THE GLOBAL DEFENCE SERVICES AND GOVERNMENT SECURITY EVENT

14 - 17 APRIL 2014
PWTC, KUALA LUMPUR, MALAYSIA
www.dsaexhibition.com

HOSTED, SUPPORTED AND CO-ORGANISED BY:

SHOW PREVIEW

March 2014

The World of Defence Converges

DSA, one of the **Top 5 Defence and Security Shows in the World** is making an appearance once again from 14 - 17 April, 2014. This high profile **national event is also the ASEAN region's largest and longest running Defence & Security exhibition** which will be hosting some 1,000 participating companies from 50 nations worldwide. Over 300 top government officials will be flown into the country as part of DSA VIP programme. Come April 2014 the whole country will be buzzing high on the forthcoming event which provides a pivotal platform for companies in the Defence and Security industry to meet and engage in business dealings whilst showcasing their products and expertise over a 4-day period.

Full Support From DATO' SRI NAJIB TUN RAZAK Prime Minister of Malaysia

"The Development of the Malaysian defence industry is of economic and strategic importance to the country. It would prove difficult and inefficient for a nation to develop an industry without assistance and input from outside. The DSA series is a wonderful platform for Malaysian companies in the defence and security industry to showcase their products and capabilities to the global market. There are a good number of Malaysian companies exhibiting and I sincerely hope that DSA 2014 will provide a myriad of opportunities for all participants and visitors.

I wish all of you every success in fulfilling your objectives during the DSA 2014 exhibition and conference."

TAN SRI DATO' HAJI MUHYIDDIN BIN HAJI MOHD YASSIN Deputy Prime Minister of Malaysia

"It is apparent that each DSA event builds on the momentum of the earlier event, creating a series of events that are now considered the benchmark for such events. The Government of Malaysia is certain that the defence and security industry will continue to invest in DSA participation, whether as exhibitor, visitor, delegate or speaker as very few other defence and security showcases in the region can match the DSA series of events."

EXTENSIVE SUPPORT FROM THE GOVERNMENT OF MALAYSIA

DATO' SERI HISHAMMUDIN TUN HUSSEIN
Minister of Defence, Malaysia

"The issue of national security has never been more crucial than it is today, when threats loom about more than ever before, in all kinds of forms. The advancement of science and technology has further spurred new forms of threats, including unconventional threats such as biological weaponry, cyber security threat and CBRNe devices. However, technology has also seen new innovations in the field of defence, which is especially why events such as DSA are even more important now than ever before.

Over the years, the DSA series of exhibitions has proven to be the ideal platform for players in the defence and security industry to promote their products, exchange ideas and opinions and forge partnerships based on synergistic and mutual co-operation. Given the growth of the event in past years, I truly believe DSA 2014 will prove to be bigger and better than preceding instalments of the exhibition."

DATUK ABDUL RAHIM BIN BAKRI
Deputy Minister of Defence, Malaysia

"Exhibition such as the DSA series allow vendors and customers to come together for mutual benefit and co-operation, to exchange views and insights into better processes and application of technology for the defence and security of national sovereignty.

With the increasing threat of terrorism, from which no nation appears to be immune, the role of our armed forces in ensuring national security has changed considerably. I urge all armed forces representative attending this exhibition, regardless of nationality, to take full advantage of this event to acquire what is needed for national security.

I expect DSA 2014 will provide as usual an excellent platform for defence and security players to promote their latest technology and services and for the discussion of defence and security-related topics. I expect that lasting partnerships will be forged this time as were during the previous exhibitions."

DATO' SRI DR. HAJI ISMAIL HAJI AHMAD
Secretary General, Malaysian Ministry of Defence and Chairman of DSA 2014

"On behalf of the Malaysian Government and the Malaysian Ministry of Defence (MINDEF), we are once again proud and honoured to host the latest instalment in the Defence Services Asia series of exhibition and conferences. It is no small measure of pride with which I say that the DSA series has grown from strength to strength. In fact, DSA is one of the more anticipated exhibitions in the region.

When we started in 1988, we planned for this day; now that we have achieved our aim - that of making the DSA series a premier event in Asia and one of the world's top 5 - we will not rest on our laurels but continue to take DSA to even greater heights.

With the strong synergy between the Malaysian Government and the event organiser, DSA Exhibition & Conference Sdn Bhd, we look forward to another successful collaboration for a spectacular and eventful DSA in 2014."

LATEST PREPARATIONS TO THE BIG EVENT...

A press conference and a contracts handing over ceremony with the Minister of Defence, Malaysia was held on 17 February 2014 which was attended by more than 50 members of the press

The first Defence Attache's briefing was held on 20 February 2014. It was attended by 59 Defence Attaches and Representatives from 40 Embassies including 8 Ambassadors

MINDEF AND DSA LEAVE NO STONE UNTURNED IN PREPARATION OF DSA 2014!

High profile ranking officials from the Ministry of Defence, Malaysia (MINDEF) teamed-up up with DSA personnel and made official visits to neighbouring ASIAN countries to personally hand deliver the official VIP invitation letters.

- ▶ Malaysian Official: Lt. Gen. Datuk Abdul Hadi Bin Haji Hussin, Director General of Defence Intelligence

Message From GENERAL TAN SRI DATO' SRI (DR.) ZULKIFELI BIN MOHD ZIN Chief of Defence Force Malaysia

"In its 14th series, DSA will among others highlight the emergence of non-traditional security issues namely in the areas of Humanitarian Assistance and Disaster Relief (HADR), and Battlefield Healthcare. Needless to mention that the expansion of the military's responsibilities reflected on the Military Operations Other Than War (MOOTW) realm will provide boundless opportunities to assimilate the experiences of key players and showcase the latest hardware within this domain. Both HADR and Battlefield Healthcare form crucial capacities within the competencies of Armed Forces worldwide today.

For that, I look forward to DSA 2014 and the opportunity to engage defence professionals and captains of the industry during this prestigious event. My best wishes are extended to all guests, visitors and participants of DSA 2014."

Message From IG TAN SRI KHALID ABU BAKAR Inspector General of Police Malaysia

"With the ever-evolving security environment and changing nature of warfare demands, the DSA series is a necessity for the industry to ensure the accessibility of a sourcing arena for the latest defence-related and security technology, especially in this day and age when Cyber Security is an area of concern that needs to be urgently addressed. In this regard, I am pleased to know that Cyber Security has been chosen as the theme for Police and National Security feature at DSA 2014.

I have no doubt that DSA Exhibition & Conference Sdn Bhd will do another sterling job in organising DSA 2014 and I extend to them the appreciation of the Royal Malaysia Police.

On behalf of Royal Malaysia Police, I welcome all VIPs, delegates, exhibitors and visitors to DSA 2014, extending a special welcome to our peers in foreign police forces who will be participating."

Trade Visitors	: More than 27,000 trade visitors from 50 countries/nations
Expected Number of Foreign VVIP Delegations	: Over 300 delegations from more than 50 countries/nations
Previous Shows	: DSA have successfully run for almost 3 decades since 1988
Future Show	: Defence Services Asia 2016 (DSA 2016) The 15th Defence Services Asia Exhibition and Conference 18 - 21 April 2016

OFFICIAL HOTEL SERI PACIFIC HOTEL Kuala Lumpur

Seri Pacific Hotel have been appointed specifically for DSA 2014 for the convenience of Exhibitors and Visitors.

SERI PACIFIC HOTEL, KL
Mr. Zakariya Musa, Director of Sales & Marketing
Mr. Mohan Bhanu, Director of Sales - MICE
Tel : +603 4049 4405
Fax : +603 4043 5253
E-mail : zakariya@seripacific.com / mohan@seripacific.com
Website : www.seripacific.com

Exhibitors may consider booking their accommodation here during DSA 2014 as a strategic move for high level networking.

Exhibitors may contact our partner for accommodation and travel.

DSA 2014 OFFICIAL PARTNER FOR ACCOMMODATION & TRAVEL!

We have appointed "events in focus" as our Official Partner for Accommodation & Travel. They will be responsible for travel and accommodation arrangements for Exhibitors and Visitors who require their travel accommodation arrangements to be handled on their behalf.

Kindly contact Randy Wright, events in focus at rwright@eventsfocus.net or please visit www.dsaexhibition.com

OFFICIAL AIRLINE

Malaysia Airlines is providing competitive airfares on Malaysia Airlines international and domestic schedule services for all registered Exhibitors/Visitors attending DSA 2014.

For further information or to book on-line, please visit www.malaysiaairlines.com.my

A HOST OF FACILITIES & SERVICES WILL BE ARRANGED FOR EXHIBITORS, VIPS, PRESS AND VISITORS' CONVENIENCES

For the convenience of Exhibitors, VIPs, Press and Visitors, the following facilities and services have been organised at DSA 2014:

VIP WELCOME RECEPTION

All VIP guests will alight at any of the VIP Entrance (Level 4 or Hall 1) and are invited to proceed to the VIP Welcome Lounge for assistance.

VIP Cars with Gold stickers will be directed to the reserved parking lots.

ORGANISER'S OFFICE

The Organiser's Office which will be operational from 17 March 2014 until the end of the exhibition is located at Redang Room, Level 3, PWTC.

CAR PARKS

Car park bays are available within the vicinity as well as the surrounding areas of PWTC.

VISITORS' REGISTRATION COUNTER

Numerous Visitor Registration stations will be operational at the Main Entrance of PWTC or at the Hall 1 Entrance (next to MIC Building).

FOR PRE-REGISTERED VISITORS

Pre-Registered Visitors are to present their 'pre-reg' number at the Pre-Registration stations.

FOR WALK-IN VISITORS

Walk-In Visitors (who are eligible) are required to fill up the "On-Site Registration" form and proceed to the On-Site Registration stations. (Refer to Admission Rules on next page).

RESTAURANTS AND SNACK BARS

Local and international restaurants and snack bars/cafes will be operational throughout the exhibition.

OFFICIAL PHOTOGRAPHER

Willy Studio will provide photography services throughout the exhibition for Exhibitors and Visitors alike.

CONTRACTORS' SERVICES

Exhibitors who require services of the official contractors may proceed to the Contractors' Customer Service Counters located at the West and East Wing of PWTC.

PLATINUM LOUNGE (LEVEL 2)

Only VIPs and Exhibitors who have confirmed appointments may utilise the facilities of this lounge located at Level 2 of PWTC.

MEDIA CENTRE

A fully equipped media centre will be set-up and will be operational with computer stations and internet-ready systems by 13 April 2014. Exhibitors are encouraged to drop-off press releases at the centre. Only members of the media with DSA 2014 Press Badges will be allowed admission and full access to all the facilities provided including refreshments and daily lunch.

MALAYSIAN MINISTRY OF DEFENCE (MINDEF) SHUTTLES

Complimentary shuttle services to and from MINDEF are also available.

SHUTTLE SERVICES FOR THE ARMED FORCES

Scheduled and planned shuttles transporting Armed Forces Officers from the various Camps throughout Malaysia is being coordinated. The shuttle will proceed to the Shuttle Drop-Off points.

FIRST AID ROOM

The First Aid Room is located on Level 3, PWTC (West Wing) and on Level 1M (East Wing).

HERE'S A PREVIEW OF SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED / PROMOTED AT DSA 2014

AB PRECISION (POOLE) LTD

ABP is a world leader in the design, manufacture and supply of EOD Equipment, in particular ROV's and Disruptors.

ACCURACY INTERNATIONAL LTD

Accuracy International has supplied sniper rifles to military, law enforcement users around the world for the past 30 years. New AT and AX series will be on display at DSA.

ADS GROUP LIMITED

ADS is the Premier UK Trade Organisation representing over 2,600 companies in the Aerospace, Defence, Security and Space sectors. ADS are proud to co-ordinate the UK Pavilion at DSA 2014.

AEI SYSTEMS LTD

The AEI Systems Type AE20-NM crew-served 20mm gun mount is widely considered to be the most cost-effective naval gun mount currently in service. AEI is currently developing a belt-fed version.

AERODYNE RESEARCH MANUFACTURING (PTY) LTD

Aerodyne Research has designed a unique military troop parachute system which is very stable and slow descending. The result is reduced landing injuries, but with increased equipment loads. www.flyaerodyne.com

Aimpoint

AIMPOINT AB

Aimpoint AB supplies High Performance Optical Sights, with a broad range of products for demanding applications and it is a long-time supplier to Special Operations and military units throughout the world.

AIRBOSS DEFENSE

AirBoss Defense designs, develops and manufactures high tech personal protective equipment against CBRN threats for the defense and security markets. With AirBoss Defense, your team is guaranteed The Ultimate Protection!

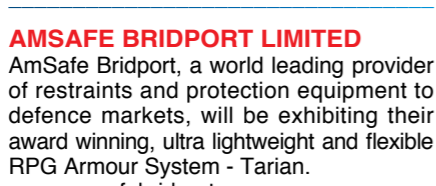

AIRBUS GROUP

Airbus Group comprises three divisions namely Airbus, Airbus Defence and Space, and Airbus Helicopters. While Airbus focuses on commercial aircraft activities, Airbus Helicopters (previously Eurocopter) handles all commercial and military helicopter activities. Airbus Defence and Space integrates all the defence and space activities of the Group from former Cassidian, Astrium to Airbus Military. About Airbus Group. Airbus Group is a global leader in aerospace, defence and related services. In 2012, the Group - comprising Airbus, Airbus Defence and Space, and Airbus Helicopters - generated revenues of € 56.5 billion and employed a workforce of over 140,000.

AM GENERAL LLC

We design, engineer and produce military and special purpose vehicles including the Humvee. Other work includes worldwide parts distribution, field service support, training, engineering services, engine and transmission manufacturing.

AMSAFE BRIDPORT LIMITED

AmSafe Bridport, a world leading provider of restraints and protection equipment to defence markets, will be exhibiting their award winning, ultra lightweight and flexible RPG Armour System - Tarian. www.amsafebridport.com

ANDAIR AG

The Andair air raid shelter program offers a comprehensive range of ventilation components, e.g. gasfilters, blast valves, blast doors, gastight shut-off valves, NBC Survivor, EMP protection and NBC filters.

ANSELL PROTECTIVE SOLUTIONS SINGAPORE

Ansell is a global leader in offering a wide range of hand, arm and body protection solutions. Consumers around the world associate Ansell with premium quality protection and superior comfort.

ARMOR USA INC

Armor USA Inc. has one of the world's most advanced manufacturing facilities and it is considered a world-class leader in the manufacture of vehicle and body armor products.

ARMSCOR

Armcor is an acquisition agency for the South African Department of Defence and provides marketing support to the defence industry. Armcor also provides technology development, product development, upgrading and disposal of equipment.

ATLAS ELEKTRONIK GMBH ATLAS ELEKTRONIK stands for maritime security. ATLAS has a broad offering of sonars and sensors, command and control systems for submarines and surface combatants, mine countermeasures systems, unmanned underwater vehicles, radio and communications equipment, naval weapons as well as coastal protection.

ATN THERMAL & NIGHT VISION

ATN TASC series caters to the most important need we all share - the need for security. By detecting potential threats to personal security and safety of your infrastructure.

AUGUSTAWESTLAND

The AW149 is the first new generation multirole military medium twin helicopter in decades. It sets new standards in the market for mission capability, safety and cost effectiveness.

AUSTRIAN DEFENCE & SECURITY INDUSTRY GROUP

The Austrian Defence & Security Industry Group provides support services for Austrian companies operating in the defence & security sectors.

AVIBRAS INDUSTRIA AEROSPAZIAL S.A

ASTROS SYSTEM The Artillery Saturation Rocket System that every single Armed Forces should have. It provides the required deterrence and is available to all friendly nations.

B.O.I.S.-FILTRY

B.O.I.S.-FILTRY - Multispectral Mobile Camouflage Specialist
• camouflage in visible, infrared and microwave regions.
• designed for given type of vehicle and does not hinder the use of weapons.

BAE SYSTEMS

BAE Systems has established its regional cyber security hub at Menara Binjai, Kuala Lumpur, Malaysia. It will house more than 300 Malaysian cyber security specialists by 2015. Come and see our cyber-security solutions at DSA.

BARRETT COMMUNICATIONS

Barrett Communications designs, manufactures and markets tactical HF and VHF radio equipment to border security, military, paramilitary police, coast guards and national security forces in over 150 countries globally.

BEIJING TONGYIZHONG SPECIALTY FIBER TECHNOLOGY & DEVELOPMENT CO LTD

Beijing Tongyizhong Specialty Fiber Technology & Development Co Ltd is a high-tech enterprise which specialises in R&D, production and sale of Ultra High Molecular Weight Polyethylene fiber and fiber composites.

BOEING

Boeing and Malaysia are long-term partners in meeting national aerospace and defense needs in ways that support jobs, promote economic growth and set new standards of cooperation in Southeast Asia.

BOUSTEAD HEAVY INDUSTRIES GROUP

Boustead Heavy Industries Group of Companies is the leading heavy industries conglomerate with diverse interests in:

- Shipbuilding
 - Ship Repair
 - Heavy Engineering
 - Manufacturing
 - Integrated Logistics Support
 - Maintenance, Repair & Overhaul (MRO)
- For:
- Platforms: warships and vessels, helicopters and submarines
 - Naval equipment, electronics, communications, weapons and integrated systems.

BRAHMOS AEROSPACE

BRAHMOS is a universal supersonic cruise missile which can be fitted in Ships, Mobile Launchers, Submarines and Aircraft against land and sea targets. The missile has a range of 290km, a maximum velocity of 2.8 Mach.

CAE

CAE is a global leader in modeling, simulation and training for defence and security forces. The company applies simulation expertise and operational experience to help customers enhance safety, improve efficiency, maintain readiness and solve challenging problems.

CANVAS AND TENT

Whether you are in the market for a single man tent or a totally integrated redeployable camp for 3,000 members - Canvas and Tent South Africa has a solution for you.

CARL WALTHER GMBH

The new Walther PPQ M2 pistol has a traditional positioned magazine release button, reversible for right or left hand operation. A smooth quick defence trigger delivers accuracy and fast follow-up shots.

CASECRAFT ENGINEERING (M) SDN BHD

Pelican is a global leader in design and manufacture of virtually indestructible cases and advanced lighting systems. Many of Pelican's products have been combat tested by the US and international Armed Forces and Police. Official Distributor/Sales and Service Centre for Malaysia and Brunei.

CATERPILLAR

Caterpillar offers high power density engines for arduous Land and Marine applications, transmissions for wheeled and tracked vehicles, complete powerpacks, generator sets, armoured construction machines and genuine Cat components.

CBC

CBC is one of the largest ammunition manufacturers in the world. Its wide range of products attends to the needs of military, law enforcement and commercial markets.

CCO CREATIVE CONSULTING GMBH

German exhibiting companies' objectives include the concentrated presentation of the significant competence and capabilities of the German security and defence industry at international exhibitions in a national pavilion.

CESKA ZBROJOVKA

CZ P-09 The CZ P-09 is the latest high capacity service pistol going further along the design road started with the successful compact CZ 75 P-07 DUTY.

CETC INTERNATIONAL CO LTD

CETC International Co Ltd is a state-owned company specialised in defense electronics & information technology, with experienced research institutes and IT firms in China. CETC has made its presence in over 100 countries.

CH. PAISARN CO LTD

CH. Paisarn Co Ltd is one of the leading manufacturers of military products in Thailand. Our main products are body armors, ballistic inserts, bulletproof helmets, ballistic panels for vehicles, boats and helicopters.

CHEMRING GROUP PLC

Chemring is a manufacturing business supplying high technology electronics and energetic products. Chemring operates in four market sectors: Countermeasures, Sensors and Electronics, Pyrotechnics & Munitions and Energetic Sub-Systems.

CHINA NATIONAL PRECISION MACHINERY IMPORT AND EXPORT CORPORATION (CPMIEC) CPMIEC deals with the IM&EX of defense missile weapon systems, aerospace equipment, satellite technology and its applied products, special devices & vehicles, precision machinery, optical instruments, electronic products and its appropriate technology.

CHINA SHIPBUILDING TRADING CO LTD (CSTC)

CSTC has become the most powerful international company in shipbuilding industry in China. Thousands of ships have been exported to over 100 countries and regions in the past 30 years.

CHIPTRONICS (M) SDN BHD

Chiptronics, a leading Malaysian company providing PCB Industry Technology Solutions is offering affordable, flexible, adaptable Diagnosys pinpoint system for excellent fault screening, test & diagnostic capability as & when needed.

CONCERN MORINFORMSYSTEM-AGAT

Leading organisation of the Russian shipbuilding industry in the development and production of information systems, management systems for sea-based missile weapons, radar and sonar systems. The company manufactures and supplies Club-M, Club-K, Club-U missile systems.

CONDOR

Condor Non-Lethal Technologies is a Defense and Security company dedicated to innovation, research, development and manufacturing of non-lethal system and hi-tech pyrotechnical for signalling and rescue.

CRISTANINI S.P.A.

Global leader in the research and production of solutions for CBRN emergencies, CRISTANINI excels at reducing the logistic, training and operator burdens through innovative, modular and multi-functional CBRN solutions.

CT-ONE CORPORATION SDN BHD

CT-ONE Corporation Sdn Bhd partner with Mabey Bridge (UK) and Prism Lighting Services (USA) in supplying:

- Modular Steel Panel Bridge
- Inflatable Light Tower
- Flood Light
- Rescue Stretchers
- Emergency Triage Lights

CRYPTO AG

MultiCom Radio Encryption HC-2605 Terminal Ruggedised platform for mobile and portable tactical deployment scenarios: Small and robust design and ideal for mobile/portable use. Completely compatible with the whole Crypto MultiCom system unit.

CURTISS-WRIGHT CONTROLS DRIVE TECHNOLOGY

For over 60 years Curtiss-Wright Drive Technology is a reliable partner for the development and manufacturing of electro-hydraulic, electromechanical and electronic drive and control systems: aiming and stabilisation systems and ammunition feeding systems.

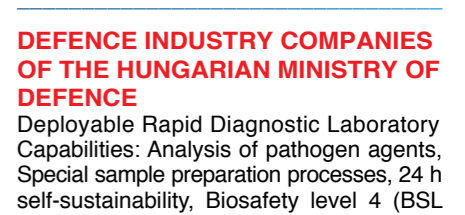

DAEWOO SHIPBUILDING & MARINE ENGINEERING

Daewoo Shipbuilding & Marine Engineering (DSME) constructs a wide range of ships and offshore platforms. The company also provides a variety of naval vessels which includes submarines, warships, patrol boats and auxiliary support vessels.

DASAN MACHINERIES LTD

With more than 20 years of experience in the industry, Dasan specialises in manufacturing small arm components using their highly-refined skills in investment Casting and Precision Machining.

DEFENCE INDUSTRY COMPANIES OF THE HUNGARIAN MINISTRY OF DEFENCE

Deployable Rapid Diagnostic Laboratory Capabilities: Analysis of pathogen agents, Special sample preparation processes, 24 h self-sustainability, Biosafety level 4 (BSL 4), Deployment within 1 hour, Preparation of 20 samples within 2 hours, Expandable container, Effective energy supply.

DENEL Denel is a South African state-owned enterprise. It groups together several defence and aerospace businesses. Denel has design, development, production, engineering and integration capabilities allowing it to offer advanced combat systems.

DRB-HICOM DEFENCE TECHNOLOGIES SDN BHD (DEFTECH)

DEFTECH continues to be the largest supplier of military vehicles in Malaysia since 1996. The most prominent programs include Armoured Vehicles AV-8. Such a role has allowed DEFTECH to evolve into a premier systems integrator for land combat platforms and electronics. DEFTECH has also recently embarked into the aerospace industry with the acquisition of Composite Technology Research Malaysia (CTRM), and aims to showcase new capabilities available in Malaysia for both civil and military aviation programs.

DICOM, SPOL. S R.O
RF23 handheld multiband transceiver with enhanced resistance to radio-electronic warfare offers new accessories and features, including in-built GPS receiver with automatic position reporting behind voice or data broadcast - G-track system.

DIEHL DEFENCE HOLDING GMBH
Diehl Defence will be showcasing guided missiles for air forces and navies, system solutions for ground-based air defence, innovative ammunition, protection and surveillance systems as well as tracks for armored vehicles.

DNA-TRACKER
DNA-Tracker will capture, track and process 'real-time' mobile device ID data, thereby delivering robust security solutions to the police and other authorised agencies, concerned with Homeland Security and public protection.

DONG IN OPTICAL CO LTD (DI)
DI Optical is a provider of sights for heavy machine guns for military forces throughout the world. Our Dot Sight "DCL" series are designed and built not only for all machine guns currently under operation in short/long ranges of armored vehicles on land but also the targets in the air such as aircraft, helicopters. This "DCL" Series adapted square lens which provides wider field of view and allows operator speedy aiming ability and brings his shooting capability to the next level. Also, each series is equipped with brightness modes for the compatibility of mono/binocular night vision devices.

DSM DYNEEMA (ASIA PACIFIC)
Dyneema® is the proven material choice for designing/manufacturing ballistic armor: vest/helmets/inserts, armor for land/air/sea vehicles. Its unmatched strength-to-weight ratio allows armor designers to seriously cut weight without sacrificing ballistic protection.

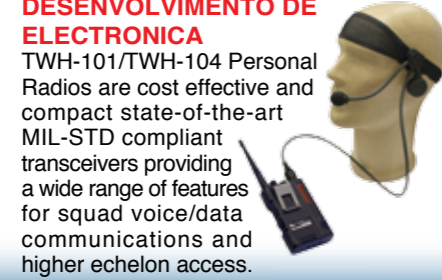

DUNARIT CORP
Dunarit Corp Bulgaria - specialised in designing, manufacturing and demilitarisation of aviation, artillery, engineer munitions and commercial explosives. Certificates - ISO 9001, AQAP 2110, ISO 14001, BS OHSAS 18001.

EDARAN 4X4 AKSESSORIES SDN BHD
A One-Stop Bumiputra 4x4 Equipment Centre that serves the government and the private sectors for years by offering professional advice and all world well-known quality equipment.

EID-EMPRESA DE INVESTIGACAO DESENVOLVIMENTO DE ELECTRONICA
TWH-101/TWH-104 Personal Radios are cost effective and compact state-of-the-art MIL-STD compliant transceivers providing a wide range of features for squad voice/data communications and higher echelon access.

ENGINEERING CENTER STEYR GMBH & CO KG (ECS)
As a leading innovator in vehicle engineering, ECS focuses on commercial and special vehicle development. Our off-road powertrain and our Integrated Motor Generator for silent moving/silent watching will be displayed.

ERA VERA-NG
Next generation long-range passive surveillance system designed for detection, location and tracking of air, ground and naval surface targets at high-precision defence surveillance missions and advanced border protection.

ERAP KOREA CO LTD
Main Product: RWR (Radar Warning Receiver) simulator ARATSTM 1500 ARATSTM 1500 simulator is a ground support equipment which generates RADAR simulation emitter signal of APR-39 system, applies this signal to RWR, compares it with the stored emitter parameter in UDM card and identifies it.

EVPU A.S.
EVPU A.S. for more than 40 years takes an important position in the field of producers of special electronics for Security and Military applications.

EXPAL
EXPAL provides to the Armed Forces weapons systems, munitions & propellants, technological systems & applications, maintenance of aeronautical systems & vehicles, integrated logistic support and demilitarisation & EOD services.

FAUN TRACKWAY
FAUN TRACKWAY provides portable roadways and expedient airfield surfacing products that provide access for aircraft and vehicles in difficult terrain.

- FINE**
- RIBOAT (Rigid Inflatable Boat) Customised Hull Design Self-Recovering System (option) CSM rubber coated sheet
 - Inflatable Rubber Boat Landing Boat
 - High Speed
 - Automatic Inflatable System
 - Reconnaissance Boat
 - Transport Military Supplies
 - Marine Infiltration
 - Army
 - Life Jacket, Yoke Type, Sleeve Type

FINMECCANICA
Finmeccanica is Italy's main industrial group, leader in the high technology field and ranks among the top ten groups at world level in the Aerospace, Defence and Security sectors.

FIRECO ASIA SDN BHD
One of the world's premier European based company offering wide range telescopic masts for Defence, Telecommunication, Surveillance and Rescue industry. Fireco mast includes portable rapid deployment & vehicle mounted mobile Mast.

FIRSTEC CO LTD
FIRSTEC has successfully performed the design, manufacture and performance test of various precision products such as Air Data System, Throttle Quadrant System, Cockpit Control Panel (NVIS), Environmental Control System and UGV.

FLIR STAR SAFIRE® 380-HDc

FLIR
FLIR Systems imaging and detection systems are used for a variety of applications, including airborne and ground-based surveillance, search and rescue, drug interdiction, border and maritime patrol, environmental monitoring and CBRNe.

FN HERSTAL
FN Herstal's product portfolio includes handguns, submachine guns, rifles, grenade launchers, fire control systems, machine guns, shot counters, less lethal devices, integrated weapon systems (air, land, sea) and associated ammunition.

FNSS SAVUNMA SISTEMLERI A.S
FNSS is a leading manufacturer and supplier of tracked and wheeled armored combat vehicles and weapon systems for the Turkish and Allied Armed Forces.

GATE ELEKTRONIK A.S.
Established in 1989, GATE Elektronik provides services in the fields of research and development, system engineering, manufacturing of electronic equipment, depot level maintenance and repair of military/industrial/commercial systems. GATE Elektronik is the first private company that began to operate with the support provided by the joint venture of university (METU) and government (KOSGEB - Ministry of Industry) in Turkey. Company headquarters is located in Ankara, with a total indoor area of 13,000 m² and it's certified as the 17th R&D Center since 2008, in compliance with the Turkish R&D Regulation.

GELVENOR CONSOLIDATED FABRICS (PTY) LTD
Soldier protections with ballistic and flame retardant fabrics are key focus areas for Gelvenor Textiles. Our FR and Ballistic fabrics are battle proven and sold to 20 countries worldwide.

GEW TECHNOLOGIES (PTY) LTD
GEW Technologies, is a system engineering organisation with experience in the design and production of sophisticated applications for communication monitoring, direction finding, communication countermeasures, spectrum management and perimeter security.

GIRSAN MAKINA VE HAFIF SILAH
GIRSAN produces YAVUZ 16 pistols according to the NATO standards with 9mm x 19 Parabellum, 9mm x 21 IMI, 7.65 mm, .40S&W, .45ACP and .380ACP caliber. Also GIRSAN produces the shotguns with 12 caliber. GIRSAN exports to U.S.A., South America, Eastern and Middle Asian countries. Visit our website. www.girsan.com

GRIFFON HOVERWORK LTD
Griffon Hoverwork is the world leader in the design, manufacture and operation of hovercrafts. Customised to meet different mission and environmental conditions, a hovercraft provides access to inaccessible areas.

H&N RIKKA SDN BHD
Pit stop for military, law enforcement, fire fighting, emergency services, security & corrections.

HACKING TEAM
HackingTeam provides the premier Cyber Intelligence solution. Worldwide LEAs and Security Agencies use Remote-Control-System-Galileo to totally control endpoint devices (PC/Smartphones) and encrypted communications. An integrated, easy-to-use console allows to manage all your tasks. www.hackingteam.com

HAIX - SCHUHE PRODUKTIONS UND VERTRIEBS GMBH
HAIX is the world's leading manufacturer of functional footwear for fire services, law enforcement, rescue, military task forces and has also increased its presence in the forestry and outdoor sectors.

HALE HAMILTON (VALVES) LTD
Hale Hamilton is exhibiting its portable nitrogen charging unit for topping up aircraft tire pressure, for charging undercarriage suspension struts and for charging hydraulic accumulators with high pressure nitrogen.

PIVOT Thinkstra™
HANGZHOU PE TECHNOLOGY CO LTD
Pivot is based in China and is one of the main producers of HDPE Filament / UD fabric / laminated plate in the world.

HANWHA CORPORATION
With over 40 years of accumulated experience and advanced technology, Hanwha is the nation's defense system integration provider of cutting-edge solutions from Reconnaissance to Detection and to Precision Strikes.

HARRIS CORPORATION
Harris RF Communications is the leading global supplier of secure networked radio communications and embedded high-grade encryption solutions for military, government and commercial organisations.

HESCO
HESCO earth-filled barriers are rapidly deployed defensive units that can be surface mounted and provide proven protection against threats, both natural and man-made.

HIGH-PRECISION WEAPONS
Integrated structure, comprising the defence companies specialising in design and manufacture of high-precision guided weapons (air defence missile and gun systems, anti-tank missile systems, artillery guided weapon systems, special small arms and grenade launchers).

HYUNDAI ROTEM
Hyundai Rotem Company is a major contributor to the Korean military forces by providing state-of-the-art land weapon systems such as K2 Main Battle Tanks, 8X8 Wheeled Armored Vehicles and others.

IMPERIAL ARMOUR
Imperial Armour is proud to announce that we were recently awarded a tender for the Royal Malaysian Police. The high standards of our products are quality controlled by ISO 9001:2008. We have exported to over 75 countries worldwide and our products are manufactured at our factory in Durban.

IMS MAGNA ARMORING (M) SDN BHD
IMS Magna Armoring (M) Sdn Bhd successfully specialise to supply and integrate latest technology of endurance, repair, original spare parts and maintenance over the years.

INSTALAZA SA
ALCOTAN-100 (M2) WEAPON SYSTEM with antitank warhead, dual purpose (anti armour and fragmentation) warhead and antibunker warhead + VOSEL(M2) FIRE CONTROL UNIT. ALHAMBRA Defensive/Offensive Hand Grenade with mechano electronic fuze.

INTEGRATED SECURITIES CORPORATION SDN BHD
Integrated Securities Corp Sdn Bhd is the distributor for GUNZEN from UK, agent for Radars, Microwave InfraRed Camera, Helmets (Croatia), various types of Batteries for Radios & Weapons Systems.

IVECO DEFENCE VEHICLES
Iveco DV's 6x6 Amphibious Armoured Vehicle VBTP and the highly successful Light Multitrole Vehicle will be displayed for the first time at DSA!

JC EMERALD PTE LTD
Frontier copyright footwear and apparels. Drop-by our booth 3P44 to check the latest footwear, apparels technology at DSA 2014! From footwear, FR suits, waterproof rainsuits all by Frontier brand!

JAKEL TRADING KUALA LUMPUR

Jakel Group of Companies has been one of the largest textiles retailer in Malaysia and now has achieved its current status as a dynamic, pioneering market leader in the design and production of a wide variety of quality manufactured fabrics. It is also recognised by the Malaysia Book of Records as The Largest Textile Store in Malaysia

JCB DEFENCE PRODUCTS

JCB is one of the world's leading manufacturers of plant and logistics equipment. The Company produces a wide range of equipment with defence and disaster relief applications.

JENTAYU VENTURE SDN BHD

The SEABOB BLACK SHADOW 730 is an extreme high-performance diving scooter for professional purposes. With its patented E-jet power system, the high-power drive of the SBS 730 is unrivalled.

- JINO**
- Type : Rigid Inflatable Boat
 - Material : FRP + Hypalon Tube
 - L.O.A : 11.0 M ± 5%
 - Max. Beam : 3.3 M ± 5%
 - No. Of Crew : Max. 15 Persons
 - Weight : Approx. 2,500 Kgs
 - Max. Speed : Max. 45 Knots
 - Engine : Yamaha 250Hp O/B X 2 Units

JINO MOTORS

JINO MOTORS takes pride in being one of the world's leading Korean manufacturer of Special Purpose Vehicle for Public Sectors in Korea. Our main product line is the Riot Control Vehicle (Water Cannon). With good reputations from worldwide customers (Middle East, Asia, Africa and Latin America), JINO water cannon has supplied more than 300 units in over 20 countries.

JSC "NIMI"

JSC "NIMI" is the oldest designer and manufacturer of high-precision artillery ammunition. Founded in 1932, JSC "NIMI" has developed over 1000 models of rounds for tank, anti-tank, field and naval artillery.

JSTEX WINTEX CO LTD

JSTEX WINTEX CO LTD established in 1973, specialises in exporting garments, fabrics, textiles, bags & cases. Our department also specialises in politic and military items etc.

KALUGA RESEARCH INSTITUTE OF RADIO ENGINEERING

Kaluga Research Institute of Radio Engineering (KNIRTI) is a leading designer of the EW systems in Russia. Since 1957 KNIRTI has been developing the systems of electronic reconnaissance and countermeasures.

KIM CO LTD

Miniature ball screw- This mechanical part acts that the form of rotation of the circle movement is converted into the form of rotation of the linear movement with integrated motor actuator assembly. Through the Precision processing technology, it is possible to produce it, and this miniature ball screw is able to make a minimized ultra-precision assembly for special performance. Accuracy Grade : C3 ~ C7 Axial clearance : 0 ~ 0.005 mm Material : Stainless steel, etc.

KINTEX

Kintex is a 100% Bulgarian government company, specialised in export of armament, ammunition, sighting systems, surveillance equipment, communication, electronic warfare, radar technology, repair services, training, commissary goods and engineering projects

KLINGE CORPORATION

Klinge Corporation offers Military Refrigerated Containers that are qualified to a number of military standards - Refrigerated A-Frame Containers, Refrigerated Expandable Tricons, Military A/C Units, and Military Refrigerated Containers with Gensets.

KONG SPA

KONG Spa is a technologically advanced, Italian company, leader in the production of carabiners and a lot of tools used for safety in climbing, rescue, work on height and yachting.

KONGSBERG DEFENCE SYSTEMS

Kongsberg Defence & Aerospace is the leading Norwegian contractors of missiles, C3I/weapon control systems for all services, remote weapon stations, tactical communication systems, maritime underwater systems and space systems.

KRAUSS-MAFFEI WEGMANN GMBH & CO KG

The PzH 2000 is the most advanced SP-Artillery system worldwide with a firing range of more than 56 km. A modern and successful system: autonomous in navigation and fire control.

KULITKRAF SDN BHD

L-3 TRL TECHNOLOGY

L-3 TRL Technology protects people worldwide from current and evolving threats through defence and security solutions. They will be exhibiting their innovative ECM, Integrated EW and Government - Grade Sovereign Encryption Solutions.

LANEX

TENDON is brand of static and dynamic ropes from LANEX company. Thanks to our high quality products, we have become a supplier to the armies of many European countries.

LEMAX

The extremely powerful LEMAX® LX70 searchlight with an amazing luminous flux of up to 7,500 lumens and maximum lighting distance over 3,000m was designed to be used under extreme conditions.

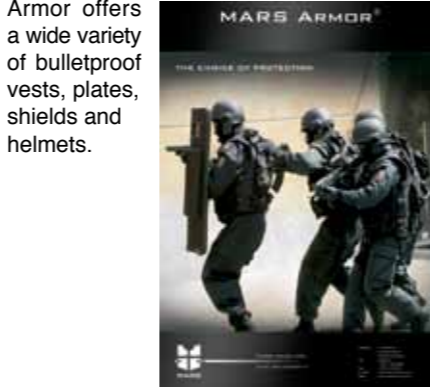

MABEY BRIDGE LIMITED

Mabey Bridge is a manufacturer of quality steel panel bridging. Our market leading range of modular bridges has been supplied to over 140 countries with customers including national military forces, NATO and National Governments.

MARS ARMOR LTD

MARS Armor is a proud manufacturer of high quality body armor for law enforcement and military personnel worldwide. MARS Armor offers a wide variety of bulletproof vests, plates, shields and helmets.

MAS ZENGRANGE LTD

MAS Zengrange is a defence electronics manufacturing company and is a subsidiary of the Hall & Watts defence group. Product range is Artillery/Mortar Fire Control Systems and Remote Initiation Systems.

MBDA MISSILE SYSTEMS

MBDA is a world leading missile systems company with a comprehensive product range designed to meet the land, naval, airborne guided weapon system requirements of each of the armed forces.

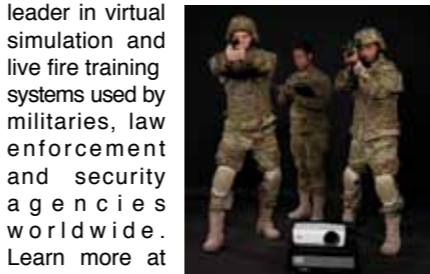

MEDIA TRANSASIA INDIA LTD

Asian Military Review is ABC audited largest circulated defence magazine in Asia-Pacific. It is read by key decision makers in armed forces. Topics include information, opinion, developments on military and defence.

MEGGITT TRAINING SYSTEMS

Meggitt Training Systems is an industry leader in virtual simulation and live fire training systems used by militaries, law enforcement and security agencies worldwide. Learn more at booth 5P011. www.meggitttrainingsystems.com

Military, police and light strike armoured vehicles. Personal Combat Headsets VICM 180.

MFDM GROUP OF COMPANIES

MFDM can provide a complete range of solutions from managing your asset maintenance to providing comprehensive maintenance, repair and overhaul (MRO) services.

MILDEF AB

MilDef's products are built to survive the rigors of combat in any environment from desert heat to arctic winds. MilDef equipment is designed to be highly mobile and easily upgradable.

MILSOFT YAZILIM TEKNOLOJILERI A.Ş.

MilSOFT Software Technologies is a 100% Turkish & private company, which was established in 1998, specialised in System Integration and Software Development and has business presence and interest in defence industry.

MINISTRY OF DEFENCE INDUSTRY OF AZERBAIJAN REPUBLIC

Ministry of Defence Industry of Azerbaijan is a central authority of the executive power, which provides Armed forces and other military units, weapon systems, ammunitions, armored vehicles.

MINOTOR-SERVICE

Armoured vehicles (tracked and wheeled vehicles for weapon installation and infantry transportation; spare parts supply; maintenance, overhaul and upgrade).

MKE

MKE with its 10 modern factories, experienced personnel keeps its range of production in 4 main groups as follows. Ammunition Group Rocket Group Weapon Group Explosives / Powders and Pyrotechnic Products

MINISTRY OF INDUSTRY AND TRADE OF THE CZECH REPUBLIC

This year the Czech Government has decided to support Czech exhibitors at DSA 2014. We want to introduce the Czech representation, Ministry of Industry and Trade of the Czech Republic, The Defence and Security Industry Association of the Czech Republic and Czech entrepreneurs and to invite you to visit the Czech official stand.

Our Defence Industry is without a doubt one of the most promising areas of cooperation between Czech and Malaysian companies because Czech companies provide the latest technology and Malaysian market is known for high level of innovations. This area of cooperation can therefore contribute to further development of our good business relations.

We are ready to provide information on public sector, businesses, investment and culture of the Czech Republic in the Czech official stand. Representatives of Czech-Trade (Czech Promotion Agency) and CzechInvest (Investment and Business Development Agency) can give you concrete answers to your questions concerning trade, investments and possibilities of financing. We wish all participants at DSA 2014 many interesting meetings and business success.

MKU PVT LIMITED

MKU is a leading manufacturer and supplier of comprehensive ballistic protection solutions (for people as well as platforms) and electro-optic devices like Night Vision Devices and Day Optics. With an experience of over 25 years, proven ahead of the curve technology and an experienced team, MKU has gained the trust of more than 230 forces in over 100 countries. During this period, it has developed over 1,000 protection solutions for more than 100 threats and has provided protection to over 1.5 million soldiers globally. It has designed and delivered light weight armouring solutions for over 1,500 land, air and naval platforms.

MORGAN ADVANCED MATERIALS COMPOSITES AND DEFENCE SYSTEMS

Morgan Composites and Defence Systems supply the most advanced, integrated armour solutions in the world. We are displaying our class-leading lightweight soldier systems and unique Explosive Ordnance Disposal (EOD) suits.

MTL GROUP LTD

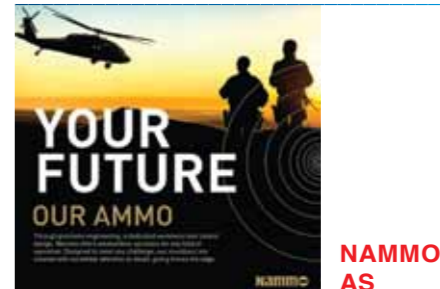

MTL Group will be showing its latest developments in cold formed ultra high hard armour specifically developed for up armouring vehicles for the defence and security sector.

MUSTHANE Musthane
Boasting more than 40 years' experience in France and worldwide, Musthane® is specialised in the conception, the development and the manufacture of products in elastomers, platomers and composites.

N-VISION OPTICS LLC

N-Vision Optics provides combat proven night vision and thermal imaging products to Military and Security users around the world. New for 2014: TC35/50 Clip-on thermal weapon sight, available for demo at US Pavilion booth 5P01.

NAMMO AS is a leading developer and manufacturer of ammunition systems and missile & space propulsion products. Nammo is a competitive supplier and partner in today's global market.

NATURE ENERGY SYSTEMS SDN BHD

Nature Energy Systems Sdn Bhd represents combat management systems are produced by JSC "AGAT-Control Systems - Managing Company of Geoinformation Control Systems Holding" (Republic of Belarus, Minsk).

NAVIWORKS CO LTD

VTH-Sim is a variable tactical training simulator that is possible to have training of various kinds of helicopters in one simulator by cockpit change (side by side <-> Tandem) DIRECT C4I is the "Next Generation Situation Map Display Solution", which provides advanced and powerful 2D/3D graphic environment which enables you to analyse and judge a situation of wide battle space with a precise view.

NONLETHAL TECHNOLOGIES INC

The IronFist™ 37/38mm weapon system with up to 36 barrels that can be vehicle mounted to rapidly deploy a blanket of less lethal munitions into or over a hostile crowd.

NZ Defence Industry Association members are experienced in working with Defence Forces worldwide. Staff at booth 3087 can help identify members who will assist you in achieving your objectives.

OBORONPROM CORPORATION, a Russian Technologies State Corporation company, is a diversified industrial-investment group in the engineering and high technologies sectors. Russian Helicopters and United Engine Corporation are subsidiaries of OBORONPROM.

Omega Laboratories, Inc. is the worldwide leader in alternative specimen testing for drugs of abuse. Omega's reputation for performing accurate, timely and cost effective testing, coupled with superior client service, keeps them in the forefront of the fight against illicit drug use.

OMNIPOL

Next generation long-range passive surveillance system designed for detection, location and tracking of air, ground and naval surface targets at high-precision defence surveillance missions and advanced border protection.

OMNISEC

Omnisec is the most trusted global provider of high-end encryption solutions for governmental customers. We present both, the world most secure OmniCrypt™ Communication Platform and the OmniCrypt™ Mobile Phone.

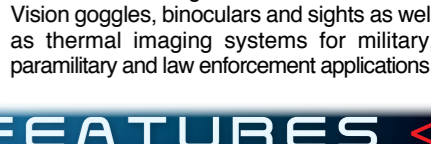

OPERATIONAL SPECIALIST WEAPON

The DSA Operational Specialist Weapon (OSW) has become the world standard for .308 caliber performance in a small package. The OSW provides battle proven performance on a modular platform that can be configured to meet any mission requirement.

OPTIX CO

Optix Co is a leading manufacturer of Night Vision goggles, binoculars and sights as well as thermal imaging systems for military, paramilitary and law enforcement applications.

OPTOKON A.S.

OPTOKON A.S. a leading global designer and manufacturer of fiber optic network solutions, specialises in the production of military tactical components for use in harsh environmental conditions.

ORITEST

Designed to detect presence of CWA and TICs in air, visually evaluating colour changes of reacting detectors. Contains Tubes, Strips and Papers accompanied by accessories.

OSHKOSH CORPORATION ASIA

Your world is ARFF. Your responsibility has reached an all-new extreme. You have to lead like never before. The new Striker changes everything. Greater fire suppression, control, safety and versatility maximise your response like no other truck in the industry. Arming you with the ultimate attack force, for the ultimate threats. The new Striker delivers innovative fire suppression, unmatched chassis performance, advanced safety systems, unsurpassed reliability and durability and smart design. So you can take on ARFF hazards like never before. FOLLOW NO ONE.

OTO MELARA

The STRALES system represents an evolution of the 76/62 naval artilleries. STRALES is the most effective response to the emerging requirements for medium calibre naval guns.

OTOKAR OTOMOTIV VE SAVUNMA SANAYI A.S.

COBRA II 4x4 Tactical Wheeled Armoured Vehicle is a modular platform with superior technical and tactical characteristics which is developed over existing COBRA Vehicle and provides higher ballistic and mine protection, increased payload capacity and internal volume.

ÖZTIRYAKILER

Öztiryakiler is a leading Turkish manufacturer of Redeployable Field Camp Facilities. The company design, manufacture and supplies Trailer Field Kitchens, Containerised Kitchens, Mobile Water Purification Systems, Sanitary Containers, Mobile Laundries.

PAKISTAN ORDNANCE FACTORIES BOARD (POF)

POF is Pakistan's premier conventional arms and ammunition manufacturing facility producing over 70 products. Having clientele spread over 40 countries, its products are known for quality, reliability and price competitiveness.

PANASONIC TOUGHBOOK

Built to enable productivity, efficiency and innovation, Panasonic's Toughbook series of rugged, reliable handheld and tablet computers have been changing the way Asian companies do business since 1996. Engineered to perform, the Toughbook series is the tool of choice for highly mobile workers who execute mission-critical tasks which require enhanced security, advanced device management and superior connectivity. Whether it's a government looking to stop illegal logging in a rainforest, or a hospital that needs to improve the accuracy of information being captured at the point of care or even an enterprise where service advisors need access to information in the field. More and more organisations are turning to Panasonic to create a truly mobile enterprise. For more information, please go to www.panasonictoughbook.asia

PEARSON ENGINEERING LTD

Pearson Engineering is a world-leading provider of Counter-Mine, Counter-IED, Combat Earth Moving and Assault Bridging vehicle attachments for Armoured Fighting Vehicles.

PELUANG KRISTAL (M) SDN BHD

Founded in 1996, Peluang Kristal (M) Sdn Bhd supplies uniforms for Government Agencies and is currently appointed as a supplier of Malaysian Army Digital Camouflage fabric with a 3 year contract (2013 - 2016).

PEPLINK

Unparalleled speed and wireline reliability for mobile command, public safety, first responder, and surveillance with the Pepwave MAX HD4 - 4G LTE/3G bandwidth bonding router.

PER VICES CORPORATION

Radio and tactical signals intelligence products communicating with any wireless signal, and enable operators to address the self-organisational capabilities afforded by modern communications infrastructure, without compromising strategic intelligence requirements.

PIAP

(Industrial Research Institute for Automation and Measurements) is a leading Polish research institute, active in the fields of robotics, automation and measurement systems. PIAP was established as a government-owned research institute in 1965.

PIGASES

PCI manufactures ruggedized on-site liquid and gaseous oxygen and nitrogen generators for a variety of markets; including Military & Commercial marketplace supporting Aviation and Medical markets. Visit our website at www.pigases.com.

PLATH GMBH

go2SIGNALS was recently extended by go2INTERCEPT and go2DECIPHER. The go2SIGNALS product line covers the fields of HF/VUHF monitoring, classification decoding and recording as well as products for GSM interception and monitoring.

POLICKE STROJIRNY

- Ecological disposal and demilitarisation ammunition
- Design, development, production, sale and foreign trade with ammunition and weapons
- Production and deliveries of technological units for distribution of fuel

RADIOBARRIER®

POLUS-ST5 LLC RADIOBARRIER Wireless Intrusion Detection System is a battery operated system with unrivaled detection and autonomous operation time parameters for use in homeland, industry and private security.

POLY TECHNOLOGIES INC

Poly Technologies Inc (PTI) is a leading defense company for the import & export of all ranges of defense-related equipment covering Army, Navy, Air Force, Aerospace, Police and Security equipment.

POONGSAN CORPORATION

Poongsan is a world-famous ammunition manufacturer that produces a wide variety of ammunition from small caliber to large caliber ammunition. Poongsan's munitions are highly competitive in terms of product quality, price and delivery, thanks to the Company's fully integrated production system. Poongsan ensures top quality through its sophisticated quality management system. The Company will also seek to extend its leadership in high-tech precision ammunition markets through continuous research and development.

POYNTING ANTENNAS (PTY) LTD

The LPDA-A0097 wideband, foldable wire LPDA covers the frequency band from 30 MHz to 500 MHz and is suitable for tactical radio communications.

PROMTEHNOLOGIA LLC

High precision bolt action rifles, hunting rifles, tactical rifles, sniper rifles, F-class rifles, varminting rifles; CNC cut rifled barrels, progressive twist rate, re-barrelling service, rifle stocks, custom rifles.

PYSER-SGI (ASIA) PTE LTD

Law enforcement agencies across the world choose Pysier-SGI products because of their effectiveness in evidence gathering and suitability for all types of surveillance. We are pleased to present you information on a selection of our most popular products in this field. Further information can be found, when you visit us at the DSA Show Booth as well as in our website where you can also find the technical datasheet for the product.

PNP-MTHD Thermal Monocular This new superb ultra-miniature High Definition zoom thermal monocular, the PNP-MTHD, weighs as little as 295g. This leading edge monocular has 640 x 480 17 micron resolution 25Hz as standard with 1x, 2x, and 4x zoom and is the most versatile thermal product on the market. Hand held, on a helmet or head mount including twinned to give full stereoscopic 3D thermal imaging, or attached to DSLR cameras and camcorders, PNP-MTHD does it all with a battery life up to 4 hours using two standard CR123s.

QIOPTIQ

Qioptiq Thermal, Night Vision and Fused military weapon sights. High performance equipment for demanding environments. See before you're seen, turn night into day! Over 100,000 sights to 56 countries worldwide.

RAPID MOBILE

RapidM is the global leader in modern technology for HF and VHF radio communications specialising in Naval, Tactical and Security environments. RapidM Secure Digital Voice solutions and robust data waveforms provide unparalleled performance when you need it most.

RENAULT TRUCKS DEFENSE SAS

Renault Trucks Defense develops and manufactures a full range of armoured, tactical and logistic vehicles.

REPKON

REPKON is proud to offer high precision manufacturing alternatives such as flowforming, shear forming and hot-spinning for the manufacturing of various aerospace and defence industry components.

REUTECH COMMUNICATIONS

Reutech Communications is a strategic supplier to the South African Defence Force and supplier to various governments globally with a history in research, development and manufacture of secure tactical military radio communication products.

REUTECH RADAR SYSTEMS

The RSR 210N is a lightweight X-Band 2D naval air/sea surveillance radar designed for application on smaller and coastguard vessels. It is suited for helicopter support operations aboard a ship and for general surveillance and gunfire support.

RIPPEL EFFECT SYSTEMS (PTY) LTD

Rippel Effect Systems will showcase the XRGL40 Extended Range Multi Shot Grenade launcher. This multi velocity launcher can fire 40mm less lethal, low velocity as well as medium velocity ammunition.

ROHDE & SCHWARZ MALAYSIA SDN BHD

The R&S SDTR vehicular tactical radio from Rohde & Schwarz is the new generation of software defined radios, marks a revolutionary change in tactical communications - both technically and economically.

ROKETSAN

Roketsan, the leading Turkish defence company in design, development and manufacturing of rockets and missiles has been serving domestic and foreign customers for more than 25 years with 1,700 experienced personnel.

ROSOBORONEXPORT

ROSOBORONEXPORT, a subsidiary of the Rostec Corporation, is the sole state company in Russia authorised to export the full range of defense and dual-use products, technologies and services.

RUSSIAN HELICOPTERS COMPANY

Russian Helicopters Company is one of the global leaders in helicopter production. The company comprises five helicopter production facilities, two design bureaus, a spare parts production and an after-sale service branch.

S-PLANE AUTOMATION (PTY) LTD

Unrivaled in functionality, flexibility, modularity and reliability, S-PLANE's DO-178C compliant xFCU with multi-channel redundancy is the state-of-the-art in navigation and flight control solutions for fixed and rotary wing UAVs.

SAAB AB

SAAB serves the global market with world-leading products, services and solutions ranging from military defence to civil security. SAAB develops, adopts and improves new technology to meet customers' changing needs.

SAIL LABS TECHNOLOGY AG

SAIL LABS Technology is a global leader in the field of speech, language, multimedia & social media processing and OSINT systems creating cutting-edge software in these domains. Please visit www.sail-labs.com

SAMEL 90

SANCHEONG CO LTD

Sancheong specialises in the manufacture of PPE (Personal Protective Equipment) such as NBC & Anti-Riot Gas Mask and Filters, Air-Purifying Respirator, Chemical Protective Suit, SCBA (Self-Contained Breathing Apparatus), Fire-fighting Suit and Helmet, and Heat Proximity Clothing.

SAPURA

Sapura is a mission critical technology innovator and service provider to the Malaysian Government in the areas of secured information and communications. With knowledge and technology acquired over three decades, we continue to reinvent ourselves by innovating and evolving with customers. We are passionate in nurturing talents and investing in R&D to scale new horizons towards achieving technology sovereignty.

SENKEN GROUP CO LTD

Senken Group Co Ltd is the leading manufacturer of security and emergency equipment and other special engineering application service: Warning & Signalling Systems for Special Vehicles; Tactical & Armour Products.

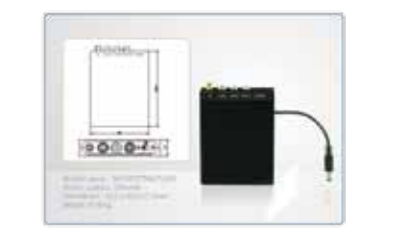

SERIOUS GAMES INTERNATIONAL

Cutting-edge innovative tactical firearms, training solutions for specialist firearms and professionals in law enforcement to train in a variety of virtual scenarios. Incorporating decision making in special operations and situational awareness training.

SHENZHEN KEWEITAI ENTERPRISE DEVELOPMENT CO LTD (KWT)

KWT is a high-tech enterprise that integrates R&D, manufacture and marketing together, mainly focusing on wireless video and audio transmission system, COFDM module, police and army solution.

SHRIKE MARINE CC

Shrike Marine specialises in harness manufacture and electronic development. Power management systems and power supplies are key to our company.

SHVABE DEFENSE AND PROTECTION

Day, night, combine and thermal sights for all types of weapon. Guidance, fire control, observation and driving systems for armoured vehicles. Observation and reconnaissance devices.

SIG SAUER

Introducing the P320, a polymer-framed service pistol designed from the ground up with the input of law enforcement officers. The result is the most operator-safety focused striker duty pistol in the market today.

SME ORDNANCE SDN BHD

SME Ordnance Sdn Bhd (SMEO), a pioneer company in the Malaysian defence industry, is a wholly-owned subsidiary of National Aerospace & Defence Industries Sdn Bhd (NADI). Incorporated in 1969, SMEO manufacture and supply small, medium and large caliber ammunition, inclusive of pyrotechnics products. The latest addition into its manufacturing portfolio is the Colt M4 Carbine in collaboration with Colt Defense LLC. Please visit website at www.smeordnance.com for more information.

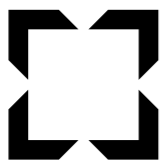

SOOSUNG DEFENSE INDUSTRIES LTD

The answer for fast and efficient bore cleaning. Existing the most portable and effective automatic bore cleaner for large calibre guns in the global market. Clean the bore while you move your vehicle after firing!

STATE CORPORATION RUSSIAN TECHNOLOGIES

Rostec is a Russian corporation established to promote the development, production and export of high-tech products. The corporation is a government partner in innovative development and modernisation of the economy.

Rostec

STEPAHEAD MILITARY HEADWEAR DISTRIBUTORS

Stepahead produces world class quality ceremonial peak caps, berets, garrison caps, bush caps and bush hats, georgette patches, graduation caps, hand embroidered peaks, badges and various textile related products.

STEYR MOTORS GMBH

STEYR MOTORS GmbH has a family of compact, fast-running direct injection diesel engines that have been developed with high complexity. These engines are successfully used in practice around the world.

STRATIGN FZE

Stratign FZE is a UAE-based company providing high grade state-of-the-art communication intelligence solutions for defence and law enforcement agencies globally. The company specialises in COMINT, COMSEC, COMJAM AND SIGINT.

STANDARD BRANDS (UK) LTD

Standard Brands, owners of Zip have developed an award winning Military Cooking Fuel which is a unique, safe and non-toxic alternative to current fuels being used by militaries.
