

**24 - 27 AUGUST 2020**  
MITEC, KUALA LUMPUR

**GENERAL TAN SRI DATO' SERI PANGLIMA HAJI AHMAD HASBULLAH  
BIN HAJI MOHD NAWAWI  
CHIEF OF ARMY MALAYSIA**

In an age of technological marvels and complex threats, furnishing the Army's arsenal with cutting-edge capability is extremely crucial for it to remain credible and relevant. Given potentially growing security risks, a more pro-active, threat-based approach to land capability is required, including investing in those technologies deemed capable of rendering exponential advantage. DSA 2020 is as such poised to demonstrate how the global defence and security industry responds to the diverse threats facing many nations today. To the Malaysian Army, this highly informative exhibition can assist to bolster force modernisation and readiness, hence lending support to their projection in the national Defence White Paper.

It is a huge pleasure to have DSA 2020; showcasing a plethora of platforms, systems, equipment and technologies designed to meet established and emerging security threats. Other main highlights include the much anticipated talks and plenary sessions where top officials, military experts and defence industry figures will share their thoughts on current challenges and future opportunities. In essence, this landmark event serves as an excellent international stage to foster networking, thus creating avenues for governments, militaries and manufacturers to work hand-in-hand to a shared objective.

I look forward to welcoming you to DSA 2020.
