# ELEVATING REGIONAL CYBERSECURITY AGENDA

The need for regional collaboration in cybersecurity has never been greater. Cyber crimes and information security incidences are increasing at an alarming rate with more sophisticated threats created each day.

Low levels of awareness, shortage of skilled workforce and the knowledge gap remains to be the top three main challenges faced by many government and corporate organisations.

DSA Southeast Asia Cyber Defence Conference is pleased to bring to Kuala Lumpur thought leaders in the industry to share latest insights and strategies on in facing current and future cybersecurity dangers.

Join the conversation either physically or virtually. We look forward to welcoming you to this much awaited event to connect, learn and create opportunities together.
