ADVANCING INTO A NEW ERA OF
DEFENCE AND SECURITY

DSA 2022 & NATSEC ASIA 2022 BACK WITH A BANG FOR ANOTHER POWERHOUSE SHOWCASE IN KUALA LUMPUR

After a deferment of two years, the eagerly awaited 17th edition of Defence Services Asia (DSA) 2022 and National Security (NATSEC) Asia 2022 is on track to make an explosive comeback and stamp its mark as one of the top five mega-events in the Global Defence and Security arena.

Scheduled from 28 – 31 March at the Malaysia International Trade and Exhibition Centre (MITEC) in Kuala Lumpur, the event will bring together over 1,170 companies from 54 countries including 20 international pavilions, 350 VVIP delegations from 45 countries and 25,000 trade visitors worldwide.

The 2nd edition of NATSEC Asia, after a successful debut in 2018, will feature an exciting array of state-of-the-art exhibits in the security sector covering solutions and technology that are catered to Police Forces, Fire and Rescue departments, Customs, Border Safety, Immigration and Coast Guard.

The powerhouse showcase that DSA 2022 and NATSEC Asia 2022 presents, serves as the integral platform for foreign technology exchange and partnerships, while enhancing cooperation to strengthen national defence and security among various nations, governments and Captains of Industry. The unique partnership of DSA and NATSEC Asia will also help to shed light on regional issues while establishing a mutually beneficial collaboration in the interest of advancing our national and international security.

FULL SUPPORT BY THE GOVERNMENT OF MALAYSIA

YAB Dato' Sri Ismail Sabri Yaakob
Prime Minister of Malaysia

A platform such as Defence Services Asia (DSA) is crucial because it can bring on invaluable collaborations between countries and stimulate economic growth through foreign partnerships.

A country's military strength and capabilities are now judged based on strong bilateral relations and the investment of latest technologies that can better safeguard our people and our nations.

Therefore, I would like to affirm my fullest support towards DSA 2022 and NATSEC Asia 2022. I pray for success and wish all participants the very best.

YB Dato' Seri Hishammuddin Bin Tun Hussein
Senior Minister of Defence, Malaysia

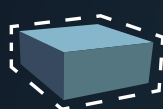

It is important that DSA continues, albeit safely in a new normal, as it provides a solid and credible platform for various governments and military forces to come together and strengthen relations, in the interest of promoting greater regional and international cooperation. It is for this reason that MINDEF continues to support the biennial Defence Services Asia or DSA series, as it serves a higher regional and global agenda.

YB Dato' Seri Hamzah Zainudin
Minister of Home Affairs, Malaysia

Events like Defence Services Asia 2022 (DSA) and National Security Asia 2022 (NATSEC Asia) are important as they bring together the best of both worlds under one event. We will not only be able to witness military technological breakthroughs but also be exposed to what is trending in the national security world. Both components in the event are pivotal for us to explore new technological advancements that can help improve our defence and security sectors.

MINISTRY OF DEFENCE AND
MALAYSIAN ARMED FORCES

YB Dato' Sri Ikmal Hisham Abdul Aziz
Deputy Minister of Defence

Time has proven that Defence Services Asia (DSA) is capable of raising the bar in the defence industry. Not just in Malaysia, but also in the ASEAN region. It has also brought about economic growth from the many partnerships and investment opportunities formed between local and foreign participants. I am confident that the upcoming DSA & NATSEC Asia 2022 will be no different. I am exceptionally proud to be part of DSA & NATSEC Asia 2022, and I am looking forward to meeting the delegations and industry members from around the region

YBhg Dato' Sri Muez Abd Aziz
Secretary General, Ministry of Defence

As Asia's largest tri-service defence & homeland security exhibition, it has created a vital platform for various government officials & agencies to come together. This platform has never stopped contributing towards the advancement of the security & defence industry in Malaysia through its showcase of the latest & most innovative technologies, products from around the world.

YBhg General Tan Sri Dato' Sri Haji Affendi Haji Buang RMAF
Chief of Defence Force, Malaysia

I sincerely believe that DSA & NATSEC Asia 2022 will prevail as the gathering where uncommon challenges will be addressed by common collaborations; bearing extraordinary results for global & regional peace. I hope that all participants & delegates will fully utilise these unique platforms to tap into the resources, technologies & knowledge available in the interest of preserving & advancing our collective global defence & security capabilities.

YBhg General Tan Sri Dato' Seri Zamrose Mohd Zain
Chief of Army, Malaysia

As one of the premier defence event in the Asian region, having evolved significantly since its inception in 1998, the DSA series continues to attract leading global players in defence & security, with an impressive display of the world's most highly sophisticated hardware & homeland security electronic warfare in land, air & sea defence; combat medicine products as well as technology & security systems.

YBhg Admiral Tan Sri Mohd Reza Mohd Sany
Chief of Royal Malaysian Navy (RMN), Malaysia

As technology evolves and becomes more sophisticated, it is vital for the Royal Malaysian Navy to keep abreast with the latest naval technology and equipment. The Defence Services Asia (DSA) and National Security Asia (NATSEC) is an opportunity for us to not only ascertain and learn about the latest technology and equipment from around the world, but is also an avenue to open-up channels for greater collaborations amongst the navies and industry players.

YBhg Lieutenant General Datuk Mohd Zakaria Bin Hj Yadi
Chief of Staff, Malaysian Armed Forces

As the MAF continues to build ties with our allies and friends from across the globe, we look forward to once again being part of DSA & NATSEC Asia 2022, which compliments the engagement strategy of the MAF in enhancing cooperation and collaboration with our friends from around the world. I am looking forward to the meeting with delegation from all over during DSA & NATSEC Asia 2022.

YBhg Lieutenant General Datuk Ahmad Norihan Bin Jalal
Director General, Defence Intelligence

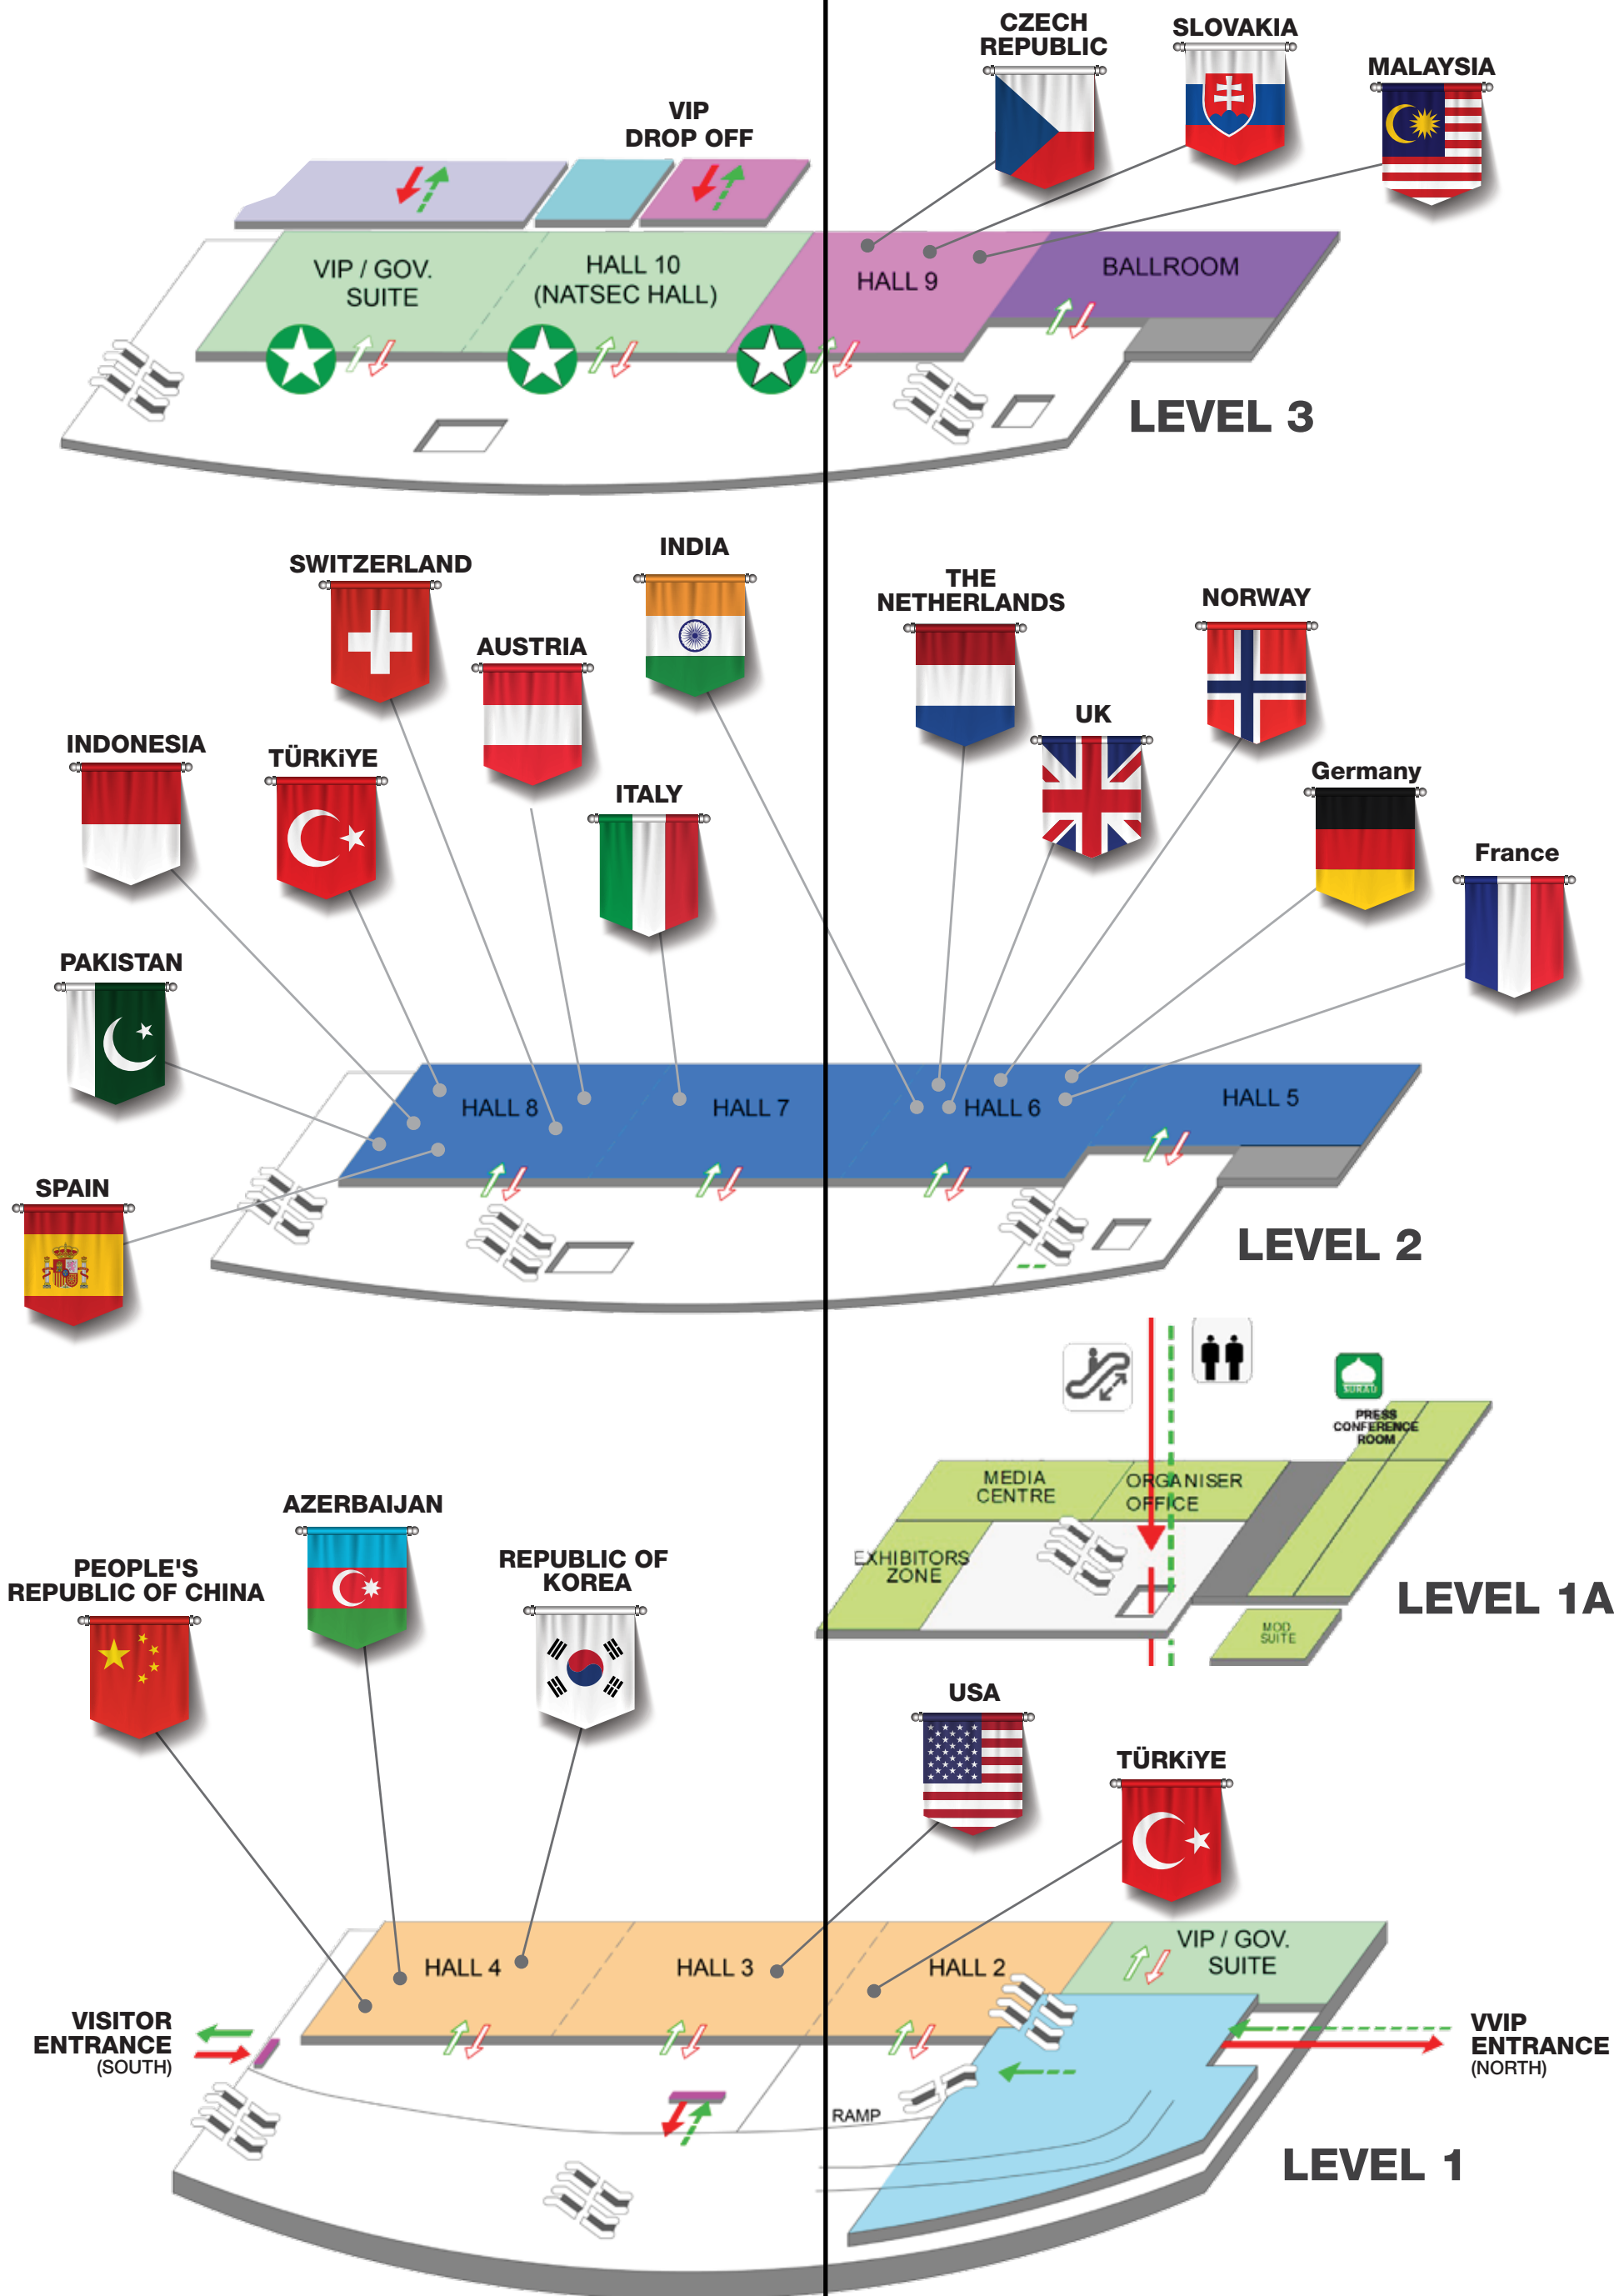

I trust that DSA & NATSEC Asia 2022 will continue to provide an excellent opportunity for the intelligence community to meet with industry partners to strengthen relationships, share knowledge and discuss technological innovations that will support our Armed Forces.

YBhg Lieutenant General Dato' (Dr) Zulkeffeli Bin Mat Jusoh
Director General of Health Services Division, Malaysian Armed Forces

I am personally looking forward to the enriching discussions which will be taking place during DSA & NATSEC Asia 2022, along with the many new ideas and innovations which will be shared among members of the defence community in the ASEAN region. I am certain that the event will elevate the standard of health care and health services on the battlefield.

STRONGLY BACKED BY

MINISTRY OF HOME AFFAIRS AND
INTERNAL SECURITY AGENCIES

YB Dato' Sri Dr Haji Ismail Haji Mohamed Said
Deputy Minister of Home Affairs 1

Events like the Defence Services Asia 2022 (DSA) and National Security Asia 2022 (NATSEC Asia) is what enables us to always be equipped with the latest technology and the latest systems which come with it. It is also where knowledge sharing happens, and this is pivotal not only in forming bilateral relationships with neighbouring countries but also allows us to learn from our counterparts.

YBhg Dato' Wan Ahmad Dahlan Bin Abdul Aziz
Secretary General, Ministry of Home Affairs

Events like NATSEC Asia and DSA are timely as they provide a crucial platform for us to connect with our neighbouring counterparts and it is here that we can discuss current issues like illegal immigrants or undocumented foreign workers and find ways to tackle it together. In addition, it also gives us the chance to keep abreast of the latest technologies and systems to help us carry out our daily duties more efficiently.

YDH IG Tan Sri Acryl Sani Haji Abdullah Sani
Inspector General of Police, Malaysia

Platforms like Defence Services Asia (DSA) and National Security (NATSEC) 2022 is pivotal, as it is able to foster a greater understanding among police forces within the region, and beyond to combat transborder crimes. This platform also provides an opportunity for us to connect with various stakeholders around the region and provide the perfect opportunity for us to update our technological systems to enable us to come down harder on criminal activities wherever they may operate from.

YBhg Admiral Maritime Dato' Mohd Zubil Mat Som
Director General, Malaysian Maritime Enforcement Agency(MMEA)

DSA & NATSEC Asia 2022 is certainly a key platform to help us foster stronger bonds with our regional counterparts. Having participated in DSA and NATSEC Asia series in the past, MMEA once again looks forward to gaining new insights and fresh perspectives at the upcoming show. I am certain that the upcoming DSA & NATSEC Asia 2022 will not only live up to our expectations but exceed them.

YBhg Dato' Sri Khairul Dzaimae Bin Daud
Director General of Immigration Department of Malaysia

Since its inception, the DSA has provided an interactive platform to enable discussions and debates about security issues in the region. The understanding of each other's issues and challenges will only make it easier for us to come together and work towards finding a common ground when tackling threats.

YBhg Dato' Haji Nordin Bin Haji Muhamad
Commissioner General of Prison, Malaysian Prison Department

I am looking forward to attend Defence Services Asia 2022 (DSA 2022) and National Security Asia 2022 (NATSEC Asia 2022) to see the latest in security technology and to meet my fellow regional counterparts from the prison department. This is the best opportunity for us to learn how other prisons around the world are managed and we can learn from our counterparts. It will be very interesting to share experiences, knowledge and witness the many technological breakthroughs related to prison management.

MORE SUPPORT FROM OTHER GOVERNMENT AGENCIES

YBhg Datuk Rodzi Md Saad
Director General of National Security Council

Events like Defence Service Asia (DSA) and National Security Asia (NATSEC Asia) are important in providing platforms for delegates, government agencies and ministries to gather, discuss and collaborate for the sole purpose of improving defence and security in their respective countries. I believe the DSA and NATSEC Asia 2022 are pivotal in bringing Malaysia's defence and security to the next level. See you at DSA and NATSEC Asia 2022!

YBhg Dato' Sri Abdul Latif Bin Abdul Kadir
Director General, Royal Malaysian Customs Department

The talks, live demonstrations and exhibitor booths I am most looking forward to seeing is the Border Protection Specialists, Customs Officials, Logistics and Supply chains, Cyber Security and so much more. If it were to be anything like 2018's edition, I am very certain DSA 2022 and NATSEC Asia 2022 will be very informative and beneficial to our department in terms of advancing our equipment and technologies to help us work more efficiently and effectively.

YAS Dato' Sri Ts. Mohammad Hamdan Bin Hj. Wahid
Director General, Fire And Rescue Department Malaysia

I am looking forward to the upcoming DSA 2022 and NATSEC Asia 2022 and I believe that this conference and exhibition will be a golden opportunity for us to exchange information, sharing knowledge and experience and to deliberate on issues and challenges on fire safety, fire services and disaster management matters. Besides, we will be able to witness the latest cutting-edge technology in this sector.

SHOW HIGHLIGHTS

MALAYSIAN MADE VEHICLE GALLERY

First time ever to feature Made in Malaysia Vehicles which will highlight the strength and competency of Malaysian companies, as well as provide opportunities for Malaysian exhibitor to introduce their products to local and international markets. A crucial component in the defence and security industries, where we may benefit from our in house technologies in the long run.

Location : **Hall 4, Level 1**
Participating Companies:
• **DRB HICOM Defence Technologies Sdn Bhd**
• **Cendana Auto Sdn Bhd**
• **Mildef International Technologies**
• **Weststar Defence Industries Sdn Bhd**

@MY DEFENCE SECURITY INNOVATION PAVILION

Uniquely in this 17th edition, a new initiative to help promote made by Malaysian defence and security products, innovations, technologies and solutions. The pavilion will be highlighting the capabilities and competencies of Malaysian companies as well as providing opportunities for their products to be introduced for domestic and international markets. The pandemic has taught us not to be too dependent on imported essentials such as PPEs, ventilators, vaccines etc, as the shortage will threaten our own safety. Hence, it is also of great importance in the defence and security industry where we could use our homegrown technology for long term benefits.

Location : **Hall 4, Level 1**

List of Exhibitors
1. Science & Technology Research Institute For Defence (STRIDE)
2. Ikramatic Systems Sdn Bhd
3. Mindmatics Sdn Bhd
4. Extro Code Sdn Bhd

SHOW HIGHLIGHTS

CONTRACTS AND MOUs SIGNING

Interestingly at every DSA & NATSEC Asia, it has become a much awaited event. Contract and MOU ceremony will be held to highlight the many new contracts and MOUs that will be signed between the exhibitors, the Ministry of Defence and the Ministry of Home Affairs.

GOLF TOURNAMENT

Tee-off for the VIP Golf Tournament, sponsored by MBDA, will be held at the Kuala Lumpur Golf & Country Club (KLGCC) on 30 March, the first time that VIP Delegations to DSA and NATSEC Asia will battle it out on the golf links. Here's to a Hole-In-One!

SHOOTING COMPETITION

Here's to the Best Sharpshooter! VIP delegations will compete in a shooting competition at Lapang Sasar Brigid Tengah PGS, Cheras on 30 March.

Sponsored by Ketech Asia

DSA & NATSEC ASIA TV

Great news! Introducing DSA & NATSEC TV, a brand new medium exclusively for promotion of DSA & NATSEC Asia initiatives. Catch daily reporting of the event and highly-anticipated interviews with Malaysia's top ranking officers and leading exhibitors on the latest insights, trends and strategies of critical global issues, live on the DSA LED screens at MITEC and the DSA Facebook.

VIRTUAL DSA & NATSEC ASIA 2022

In keeping with SOP guidelines, DSA 2022 and NATSEC Asia 2022 will be supported with a virtual platform held concurrently with the physical event. This value-added component allows participants, especially those unable to attend, to virtually access DSA 2022 & NATSEC Asia 2022 contents from anywhere - before, during, and after the show.

DIGITALSPACE

Introducing Digitalspace, an online directory where you can find out more about exhibiting companies. This platform provides an opportunity for those adapting to digital technologies as well as ensuring various businesses will continue to recover and grow by being connected and easily discovered with various research products and services for organizations. Visitors can conveniently browse through hundreds of the latest defence and security products and services displayed virtually, doing business anywhere and anytime at their own comfort. In addition, it's so easy to search and bookmark preferred suppliers or products and get in touch with them.

HIGH LEVEL CONFERENCE

CYBER DEFENCE

Date : Day 2 - 29th March, Tuesday
Time : 1000 - 1600
Venue : Ballroom 2, Level 3, MITEC.

The world has changed & embraced a new world called the 'Cyber World'. DSA & NATSEC Asia is the No. 1 place where people in the region come together to connect to share their latest insights, trends & strategies in the cybersecurity world. Join the conversation & experience the technological solutions that would provide the impact needed for your organisation & career. This conference will bring together thought leaders & revolutionary speakers from around the region to add value to your growth agenda.

Guest of Honour :
YB Dato' Seri Hamzah Zainudin,
Minister of Home Affairs, Malaysia

PUTRAJAYA FORUM

Date : Day 2 - 29th March, Tuesday
Time : 1000 - 1630
Venue : Ballroom 1, Level 3, MITEC.

Organised by The Malaysian Institute of Defence and Security (MiDAS) and the Ministry of Defence Malaysia, this forum is an International conference on defence and security that draws participation comprising policy makers, defence and security agencies, think tanks as well as academicians to meet, discuss and share knowledge to promote understanding on Regional and International defence and security issues.

Guest of Honour :
YB Dato' Seri Hishammuddin Tun Hussein,
Senior Minister of Defence, Malaysia

NEXTER SYSTEMS

Product Name : NARWHAL

Nexter's, a KNDS company, mission is to meet the needs of armies all around the world, through the design, development and production of high-end defense systems, artillery guns and armored vehicles for land forces. Its expertise also covers the supply of weapon systems and ammunition to air forces and navies, as well as systems and protection solutions in the field of homeland security.

EXTRO CODE SDN BHD

Product Name: MULTI RIFLE (SWS)

SWS Multi Rifle Rack, built with metal casing and consists of 10 lockers for rifles. SWS designed mechanical shutter to lock weapon individually and weapon personnel access weapon with biometrics validation to prevent unauthorized access. Meanwhile, all weapons transaction are recorded directly via the system. SWS allows greater control of weapons with advance firearm tagging with embedded RFID sensor, securing multiple weapons with one system. Customization available.

CENDANA AUTO SDN BHD

Product Name: ARMED TACTICAL GROUND VEHICLE (KPS-ARTAC)

The ARMED TACTICAL GROUND VEHICLE (KPS-ARTAC) performance focuses on artillery operation with high mobility and maximum combat ability with interchangeable between HMG, Mk19, & Metis-M on central weapon ring mount including ammo racking capable to cater 20 full load ammo boxes.

IKRAMATIC SYSTEMS SDN BHD

Product Name: SIMBAT™: Simulated Battlefield

SIMBAT™ is a new immersive VR tactical training system designed for combat personnel to experience a realistic and hostile virtual training environment without the undesirable hazards of live-ammo accidents, a high budget constraint and massive logistical/planning nightmares. SIMBAT™ also offers an unparalleled combination of realism in motion, graphical illusion, human/objects interaction and response, special effects and much more for trainees to gain valuable experience and exposure in realistic scenarios of hostile and stressful situations.

GADING MARINE INDUSTRY (M) SDN BHD

Product Name: 18M Aluminium Fast Assault Craft (FAC)

GADING MARINE INDUSTRY (M) SDN BHD is a Malaysian private company engaged in the maritime industry, has proven capabilities in manufacturing Fast Interceptor Crafts (FIC) and boats. We are aspiring to become one of the major players in the local shipbuilding and ship repair industry.

MSI Turkish Defence Review

Product Name: MSI Turkish Defence Review (English language)

The English version of MSI TDR has been reporting on current developments in the sector to its international readership and foreign sectoral stakeholders in the English language since 2014. MSI TDR stands out as the only monthly publication in its field, playing a key role in the promotion of the Turkish defence and aerospace sector in the international arena, and keeping foreign stakeholders abreast of the latest developments.

NURJANATECH

Product Name : SSA Platform

Next generation of commercial space domain awareness services to protect space-based infrastructures from colliding with space debris

YUGOIMPORT SDPR

Product Name: TAMNAVA Multiple launch rocket system 122/262 mm

The 122/262 mm MLRS is designed as a modular system. The modularity is reflected in the possibility of using launch pods armed with 262 mm rockets and all variants of 122 mm rockets. It is a completely automated weapon equipped with the GPS and INS that can perform a preset mission with full autonomy. The basic option uses disposable launch pods. Another option is to use disposable launch tubes.

DERYA ARMS

Product Name: TM22 A18

.22LR Mag Fed Semi Automatic

GSMK GESELLSCHAFT FUER SICHERE MOBILE KOMMUNIKATION MBH

Product Name: GSMK CryptoPhone CP20

Our GSMK CryptoPhone® CP20 is a secure desktop phone for professional users with 360° protection - Gold standard end-to-end voice and message encryption: 4096-bit Diffie-Hellman initial key exchange, simultaneous AES256 and Twofish message encryption with 256 bit keys - Hardened operating system with security-optimized components and communication stacks protects device against outside attacks - Compatible to all mobile and desktop CryptoPhones - Encrypted storage system for contacts and messages protects data at rest against unauthorized access

EID - EMPRESA DE INVESTIGACAO

Product Name: ICC-401 New Generation Intercom System

EID's ICC-401 is a new generation intercom system with unprecedented levels of functionality, survivability and flexibility; based on a fully IP concept, offers a very high performance and cost effective communications platform, tailored to meet the most demanding customer needs in a very compact architecture. ICC-401 plays an important role on the improvement of C4ISR systems complying with NATO Generic Vehicle Architecture (NGVA) standard (STANAG 4754) principles allowing interoperability between equipment of different manufacturers.

RICHARD-PONTVERT

Product Name: Flying boots french Army

Official Flying boots of Dassault

DRAGO

Product Name: Decorations

Official decorations

GLOCK GESELLSCHAFT M.B.H.

Product Name: G19 Gen5, 9x19

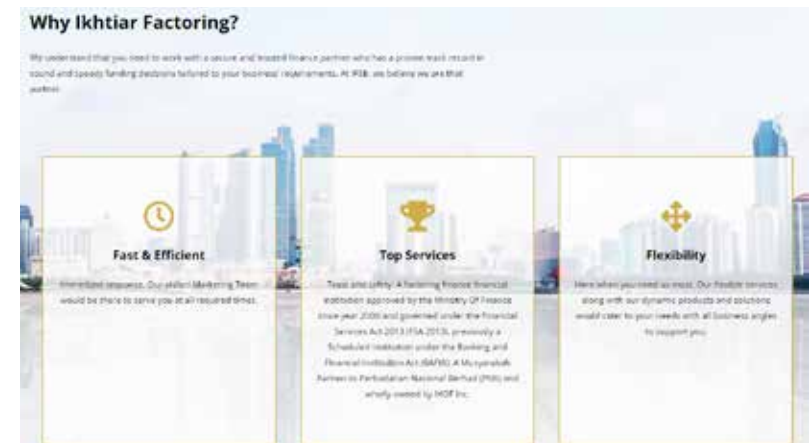

The GLOCK 19 Gen5 pistol in 9 mm Luger is ideal for a more versatile role due to its reduced dimensions. The new frame design without finger grooves still allows to instantly customize its grip to accommodate any hand size by mounting the different Beavertail Backstraps. The reversible magazine catch and ambidextrous slide stop lever make it ideal for left and right-handed shooters.

THESE ARE SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

IKHTIAR FACTORING SDN BHD

Ikhtiar Factoring Sdn Bhd (IFSB) was incorporated on 13 March 2000 to carry out the business of domestic, export and import factoring and equipment leasing. Bank Negara Malaysia (BNM) classified us as a Non-Bank Financial Institution (NBFI); and on 27 April 2000, approved us to operate as a scheduled institution under Section 21(1) of the Banking and Financial Institutions Act (BAFIA) 1989. BAFIA has since been repealed and replaced with the Financial Services Act 2013. Since then, we have been dedicated to various companies' financial needs when they are awarded government and GLCs procurement contracts. Companies who have partnered with us include Petrolim Nasional Berhad (Petronas), Tenaga Nasional Bhd, Telekom Malaysia, MINDEF (Ministry of Defence), MOHA (Ministry of Home Affairs), RMP (Royal Malaysia Police) and etc. In compliance with the Ministry of Finance (MOF) SPP Bil 10/95, IFSB was approved and accredited by MOF to engage in the factoring finance of government or GLCs contracts and procurements.

PRODRONES ASIA SDN BHD/ PRODRONES PLT

Product Name: Prodrone Sentinel 3019

Vertical Take off and Landing (VTOL) systems for long range surveillance configurable to fly between 50 to 150KM distance with up to 6 hours flight time and multiple camera option with EO camera, IR camera embedded AI complete with LRF for coordinate information of tracked target

DRB-HICOM DEFENCE TECHNOLOGIES SDN BHD

Product Name: AV8 GEMPITA

The AV8 GEMPITA charted the first steps towards localisation in support of Malaysia's aspirations in developing a domestic defence industry. DEFTECH's AV8 GEMPITA project produced a fleet of 8x8 Armoured Wheeled Vehicles in 12 variants, and is the first locally-manufactured land defence asset. The AV8 GEMPITA is produced in DEFTECH's plant in Pekan, Pahang and supported by Defence Services Sdn Bhd in Nilai, Negeri Sembilan for MRO services.

EXECUTIVE DEFENSE INTERNATIONAL (EDI-USA)

Product Name: PROTEC-X Riot Helmet (EDI-USA)

Strong riot helmet for tactical crowd control operations. Custom colors available.

EGO ZLIN, S.R.O.

Product Name: BIO-BAG EBV-30/40 IN-CH

Special isolation transport bag for transport, isolation and treatment of infected patient.

KONSTRUKTA - INDUSTRY A.S.

Product Name : Ammunition Filling Plants - method of screw extrusion

Technological line for filling of ammunition by the method of screw extrusion - artillery shells and mortar ammunition from 60mm up to 155mm with TNT, TNT/RDX (50/50)

LUKASIEWICZ PIAP

Product Name : PIAP FENIX

PIAP FENIX® is a light, backpack-deployed reconnaissance robot. It has been created to conduct reconnaissance in the immediate vicinity of military operations, including places inaccessible to humans. Excellent field properties of PIAP FENIX® robot (track-wheels chassis with moveable front flippers) ensure easy movement on hardened road surface, dirt roads, pathless tracts and in urban areas.

AREA

Product Name : Tracer Family

Electronic Surveillance Sensors

TURAÇ

Product Name : Sterling Pistol Cartridges

9x19mm

AESAN ELEKTRONIK SANAYI VE TICARET A.S.

Product Name: ACAR

WAFADA TECHNIC & CONSULT SDN BHD

Product Name: HI-SCAN 6040i

This X-ray unit is ideal for screening personal belongings and cabin baggage at aviation checkpoints and building entrances.

TRANSVARO ELEKTRON ALETLERI SAN. VE TIC A.S.

Product Name : TRV/GUARD 021 OPTICAL DAY / NIGHT OBSERVATION SYSTEM

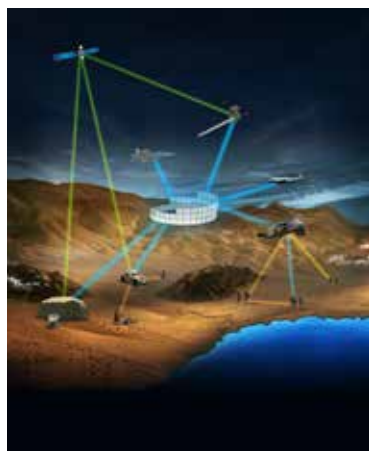

TRV / GUARD 021 is a multi sensor camera with automatic target detection and moving target tracking. The device is integrated with SWIR Camera, MWIR cooled thermal camera, low light day camera, laser range finder, laser pointer, GPS, and digital magnetic compass. FEATURES • Multiple Target Detection and Moving Target Tracking. • MWIR Cooled Thermal Camera with Optical and Digital Magnification. • Optional SWIR camera unit available. • Automatic Thermal gain / pallet / gain area selection / detailing. • Low Light Daylight Camera with Optical and Digital Magnification. • Low Light Camera day night modes / electronic optical fog correction / contrast / saturation / detailing. • Laser range finder measurement in meters/yards/feet. • Target vertical and horizontal distance, spot elevation, heading and elevation angles, and coordinate display. • Geographic, UTM, and GRID coordinate detection of the device and target location. • Does not require zeroing and calibration settings. • Pan Tilt Unit It can move n x 360 c

OPENAPPS SDN BHD

Product Name: Viasat Tactical Data Link

Link 16 Tactical Data Link

ANDAIR AG

Product Name: Explosion protection valve ESV 4

Range from 1 bar up to 80 bar reflected pressure

ZCO ZERO COMPROMISE OPTIC GMBH

Product Name: ZC420 4-20x50

Everything Comes Together ZC420 The ZC420 brings together the highest levels of mechanical precision, brilliant optics, and an extremely robust design in an ultra-short design.

HYUNDAI HEAVY INDUSTRIES (HHI)

Product Name: HDM-4000

Mine Laying Ship

VENTURA IOT SDN BHD

Product Name : FOTECH Distribute Acoustic Sensing System

Using fibre optic cables, Fotech's DAS technology monitors perimeters of all sizes automatically, giving you enhanced intelligence on events and patterns in and around a perimeter. Detect, locate, and prevent accidental or malicious damage or intrusions.

ENTERPRISE CONTROL SYSTEMS

Product Name : The EvenNode Series - Upgradeable Lightweight

EvenNode is a series of equipment providing capability for a range of Information Exchange Requirements; equipment may be deployed for air, ground and maritime applications. EvenNode is offered at three levels of complexity with a defined upgrade path. Upgrading from EvenNode I to EvenNode II to EvenNode III uses the previously installed hardware. Following initial deployment of technology, further capability may be added should the Concept of Operations be developed or changed.

THESE ARE SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

HPI HIGH PRESSURE INSTRUMENTATION GESELLSCHAFT F&E MEßTECHNIK M.B.H.

Product Name: New B285 MKII Laser Measuring System

Proven Technology to measure Smooth & Rifled Barrels from 75mm up to 160mm

MESIT ASD, S.R.O.

Product Name: DICOMÂ®RF40 radio system

Secure and reliable voice and data communication (handheld, vehicular radios or manpack).

KALE KALIP

Product Name : KCR556

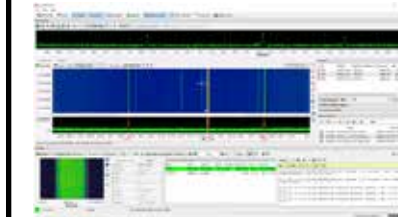

5,56mm NATO INFANTRY RIFLE

PROCITEC GMBH

Product Name : go2signals Monitoring Suite

Radio monitoring, signal classification, signal decoding and signal recording software for complete signal scenario surveillance (HF, VHF, UHF, SAT)

RUAG AMMOTEC AG

Product Name : .375 SWISS P

An operational precision shooter has to be agile and able to deliver the maximum performance even in the most challenging conditions, while equipment must be reliable and versatile enough to deliver results across the widest possible operational spectrum. The new .375 SWISS P long-distance ammunition has been especially developed for the requirements of operational precision shooters. The new calibre is suitable for highly demanding situations and markedly increases the operational spectrum of the proven .338 weapons system.

SWAT FOOTWEAR (M) SDN BHD

Product Name: Alpha Fury 8" Polishable Toe Side Zip-Black

Polishable leather toe, quick drying air mesh fabric with no stitch construction to create flexibility, durable, microfiber PU upper with abrasion resistant toe and mudguard, 3mm round lace with increased strength and durability, Jersey fabric Stationary Achilles Cushion pads and protects, while offering additional comfort and security, airport friendly construction, slip resistant rubber outsole exceeds ASTM F2913-17 for slip resistance.

NADICORP HOLDINGS SDN BHD

Product Name : Automotive Engineering

Defence and Security and Commercial Transportations

ARMOURED VEHICLES

ARS SEJAHTERA SDN BHD

Product Name: TACCOMS

TACCOMS IS A TACTICAL INTEGRATED SOLUTION OFFERING COMMAND, CONTROL, COMMUNICATION AND COORDINATION (C4) CAPABILITY USING MULTIPLE CLIENTS (ANDROID) TO A SERVER (WINDOWS)

EDARAN 4X4 AKSESSORIES SDN BHD

Product Name: WARN Winch, USA

The World's No. 1 Winch from United States of America which has received hundreds of awards from supplier, media and trade organizations across the world. WARN Industries has led the way in durable, innovative, and trusted off-road products since 1948. Warn Industries offers a complete line of hard-working electric and hydraulic winches and hoists for commercial, industrial, and severe-duty applications that help get the job done whether on the back of a tow truck or on the front of a military vehicle. When it's time to get to work, Warn is the name to trust.

MARINAIR HOLDINGS SDN BHD

Product Name: HAILSTORM MINI

A smaller package than its big brother while still providing exceptional performance and accuracy. MINI HAILSTORM is specially designed for SOF use and extremely furious. Available as anti-personnel and anti-vehicle system. Insensitive Munitions compatible

PROMAS TECHNOLOGY SDN BHD

Product Name: ATV Cforce 625

All Terrain Vehicle (ATV) categories in the range between motocross and 4x4 car.

THESE ARE SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

INVERIS TRAINING SOLUTIONS

Product Name :

A turn-key simulation experience with expanded weapons training for where it counts most.

NUROL TEKNOLOJI

Product Name : Ballistic chest plate

Ceramic-composite chest plate

GD EUROPEAN LAND SYSTEMS - STEYR GMBH

Product Name: PANDUR EVO 6X6

DEARSAN

Product Name: CORVETTE 92

92 m Corvette Class Vessel

CLASSNK

Product Name: CMAXS Navy

Comprehensive Maintenance Management System" equipped with a dedicated application for Condition Based Maintenance (CBM) for the purpose of "Optimization of Ship's Life cycle", etc.

AVIATION & DEFENCE UNIVERSE

Product Name: Media

GARANTI GIYIM KOMPOZIT TEK. SAN. VE TIC A.S.

Product Name: Ballistic Protective Helmet

Ultra-light weight UHMWPE Ballistic Protective Helmet weighs only 800 grams

TUSAS ENGINE INDUSTRIES, INC. (TEI)

Product Name: TEI-TS1400

Turboshaft Engine

JASAWALI SDN BHD

Product Name: RAPID PLUS

The RAPIDplus is a highly reliable and robust second generation stand off detector that can automatically Detect, Identify and Monitor all known Chemical Warfare Agents (CWA) and important Toxic Industrial Chemicals (TICs) at long distances. The one piece self contained systems provide real time detection and can be used on any platform or infrastructure, with an extended substance library. The instruments utilises Brukers proven RockSolid™ flex pivot interferometer and can be operated whilst static or on the move with no degradation in performance. The software RAPIDplus Control VOM Software provides the user with enhanced visual surveillance and analytical displays overlaid on video and an increased detection capability.

INSIGHT ATLANTIC SDN BHD

Product Name : MARLOW ROPES (F.R.I.E.S, FAST ROPE, BLACK MARLOW TACTICAL)

Marlow Ropes have earned an outstanding reputation for quality and technical innovation for our defense and special forces products around the world. The unique construction of the Marlow Fast Rope allows for comfortable control throughout the descent and makes it easier to slow down and brake. Each Marlow F.R.I.E.S is designed as a multi use product for rapid deployment and retrieval, reducing the risk to helicopters and personnel. Black Marlow Tactical is known for its extreme durability and is used in the world's harshest environments, this rope won't let you down whether you're hiking, camping, or venturing further afield.

JIANGSU ANKEY ADVANCED MATERIAL TECHNOLOGY CO.,LTD

Product Name: Body armor

ATESCI COMPANY

Product Name: FMJ TRANSFER PRESS

FMJ Transfer Press is a vertical H Type Press which assembles FMJ Cups, lead cores and other necessary components. The components are carried from one station to another by means of grippers placed on a transfer slide. There are some sensors inside the feeding channels to check presence of necessary components. Each station bears a control system to ensure that machine works properly. In case of any problem the machine stops immediately.

AVIATOR MERCHANDISE (AIRWINGS)

Product Name: PATCHES

Embroidered, woven, sublimation printed, soft pvc logos.

POLY TECHNOLOGIES, INC.

Product Name: GAM-100/102 Medium-Range Anti-tank Missile Weapon System

Comprehensive Maintenance Management System" equipped with a dedicated application for Condition Based Maintenance (CBM) for the purpose of "Optimization of Ship's Life cycle", etc.

SPINEA S.R.O.

Product Name : High precision reduction gears TwinSpin ®

TwinSpin ® The notion "high precision reduction gear" designates the full integration of high precision reduction gear and high precision radial axial bearing in a single unit. TwinSpin ® high precision reduction gears are designed for applications requiring a high reduction ratio, high kinematic accuracy, low lost motion, high moment capacity and high stiffness of a compact design with a limited installation zone, and low mass. This new transmission concept allows the utilization of the reduction gear TwinSpin ® in robotics and automation, machine tools, measuring equipment's, navigation systems, aircraft industry, military, security and medicine field, wood working field, printers branch, machines for textile industry and glass treatment, filling machines, etc. SPINEA produces TwinSpin ® high precision gearboxes in the T, E, H, M and G series.

KÄRCHER FUTURETECH GMBH

Product Name: WTC 700

The new WTC 700 mobile water purification system provides a water purification capability based on reverse osmosis, retaining particles, bacteria, viruses as well as salt and chemicals. In addition to the simple operation, the compact system can be transported easily in the robust stainless steel frame.

THESE ARE SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

FNSS SAVUNMA SISTEMLERI A.S.

Product Name: PARS III 6x6

PARS III 6x6 has been developed with a special emphasis on mobility, protection, payload, and growth potential. The vehicles are equipped with cutting edge armoured vehicle technologies to obtain performance and durability of modern armies™ operational requirements.

ATA SILAH

Product Name: ASR

First and Only Multi-Caliber Sniper Rifle of Turkey. ASR provides its user a 4 caliber system under 1 chassis (.308 Win, 6.5 Creedmoor, .300 Win Mag, .338 Lapua Mag.). This user friendly system offers the user to change the caliber under 1 minute with no extra tool but an hex wrench which is provided in the rifle.

SWISS CAMOUTECH AG (SSZ)

Product Name: Multispectral 3D camouflage nets

The multispectral camouflage nets are based on a multilayer coated textile fabric. The optimized total weight corresponds to modern requirements. Even at lower temperatures the fabric shows no tendency to get stiffer. Different kinds of base nets can be supplied, including fine meshes which make the camouflage net non-snagging.

WORLD INTEGRATED TECHNOLOGIES SDN BHD

Product Name: Military Ammunition

Poongsan operates two defense product plants: one at Busan, the other at Angang. These two plants develop and supply a wide range of small-to large-caliber ammunition, ranging from 5.56mm cartridges to eight inch projectiles for howitzers. Poongsan's defense products include ammunition used in anti-aircraft guns, mortars, howitzers, tank guns, recoilless guns and naval guns.

ALVO SPOLKA Z OGRANICZONA ODPOWIEDZIALNOSCIA SP. K.

Product Name: ALVO Sonata Operating Table

Operating table system ALVO Sonata has been designed to support the patient during all surgical procedures and operations: general surgeries, vascular surgeries, endoscopy, neurosurgery, gynecology, urology and orthopedic procedures. Functional movements of the table column are provided by reliable electro-hydraulic system. Functional movements of the tabletop and longitudinal shift are supported by gas springs or mechanically. The electro-hydraulic operating table is made of stainless, acid proof steel. ALVO Sonata 4-03 is working in exchangeable table top system - it is designed for exchanging the table tops with use of specialized trolley for transportation. Wide range of available trolleys helps to ensure comfortable work with the system. ALVO Sonata 4-03 table system thanks to well-balanced combination between electronic systems and hydraulic and mechanical movements guarantees safety operation and increase the flexibility of the OR. Wherever reliable and uncomplicated table system is needed, ALVO.

IVF HARTMANN AG

Product Name: TRAUMA BANDAGE

New developed pressure bandage, fast and effective

STV GROUP A.S.

Product Name: Bulet-proof vest

Modular system with accessories Level 6 STANAG 2930 Rev. 3.

ITPS CANADA

Product Name: Training services

EASA-accredited Test Pilot and Flight Test Engineer training and a track record of providing high quality, cost-effective flight test training to air forces and industry globally.

DSM PROTECTIVE MATERIALS APAC

Product Name: Dyneema UD

Dyneema® UD material is a composite, unidirectional (UD) laminate that offers excellent energy absorption and enhanced protection in a lightweight solution.

HOYTEK

Product Name: LYRA ROV

The Hoytek Lyra is designed for use in the ROV Construction, Drill Support, Offshore industry and Scientific industry where a powerful and flexible ROV is required.

GALAXY AEROSPACE (M) SDN BHD

Product Name: CIVIL AVIATION AUTHORITY MALAYSIA AMO & CAMO APPROVAL

MAINTENANCE ORGANIZATION APPROVAL AND CONTINUING MAINTENANCE ORGANIZATION APPROVAL ACQUIRED FROM CIVIL AVIATION AUTHORITY MALAYSIA FOR VARIOUS TYPE OF HELICOPTERS AND AIRCRAFTS.

MALAYSIA MICROELECTRONIC SOLUTIONS SDN BHD

Product Name: DV3 AI Smart Glasses

An Artificial Intelligence Smart Glasses, used by Enforcement Agencies, i.e. Police/Immigration to identify criminals. Comparison of facial data can be done online and offline in less than 1 second. These Smart Glasses are designed light (33grams), with a powerful camera and comfortable to wear.

THE ARMORED GROUP

Product Name: BATT UMG

A totally redesigned and re-engineered version of the BATT X. Our engineers took every component and re-imagined it using weight saving techniques at the same time as creating a more user friendly and build friendly vehicle. Based on the Ford F550 Chassis, The BATT UMG boasts a large seating capacity for up to 10 passengers as well as the ability to carry a large payload and be fitted with a rotating turret.

AMAX PRECISION OPTIC SDN BHD

Product Name: Night Vision Optic And Optronics Repair and Services

FAIR MANAGEMENT AG

THESE ARE SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

KOÇ SAVUNMA

Product Name: Diver Detection Sonar

Echorium.DD.60 and 70 are high frequency sonar systems that have been designed to detect possible underwater intruders, such as divers or AUVs, in order to protect and secure economically and strategically critical coastal area including naval bases, harbors, refineries and underwaterpipelines. Systems have automated target detection, classification, localization and tracking capability with fully user friendly HMI. Systems are compatible to Network Centric Warfare and Homeland Security Systems.

MARIN

Product Name: Ships model tests

NIXUS

Product Name: High Pressure inflatable tents (NIXUS | PRO; NIXUS | ERA)

Strong modular inflatable tents based on high pressure technology. Suitable for camps, command posts, hospitals, decontamination and all other purposes, where strong and reliable tents are needed.

ANHUI XIANGFAN TECHNOLOGY CO., LTD.

Product Name: Multi-model Guided Kits

We can provide multi-model guided kits for our customers to reform their traditional ammunition and new uncontrolled shells.

THERMOTENIX SYSTEMS LTD

Product Name: Augmented Reality Tactical Interface Module (ARTIM)

ARTIM is a helmet-mounted intelligent battery pack that delivers augmented reality (AR) display to the user via the ClipIR XD Thermal Clip-on System.

MKU LIMITED

Product Name: KAVRO INTEGRATED OVER VEST

Powered by Kiroshield technology, the Kavro TAC-I-IIA+ tactical over vest offers Level III+ protection per NIJ Level 0101.06 and is capable of absorbing multiple hits with extremely low resulting trauma. The vest features an integrated system to carry a 30L Bag-pack. The Bag-pack can be quickly attached and detached to and from the body armour or can be carried with shoulder straps. This immensely versatile, lightweight, ergonomic over vest features the revolutionary Insta Load Distribution System which reduces the carried weight of a soldier by over thirty percent thereby enhancing mobility and agility for soldiers. Designed for survivability and protection, the TAC-I-IIA+ also incorporates the patented quick release system for emergency situations. The over vest is built using a smart combination of robust breathable fabrics with non-toxic, anti-allergic and antifungal properties. It incorporates silver ion-embedded spacer mesh fabric with sweat management features that feel comfortable on the body.

TURKISH AEROSPACE INDUSTRIES INC.

Product Name : HÜRJET

Advanced Jet Trainer and Light Attack Aircraft HÜRJET is a single engine, tandem seat with modern avionics and high performance features, that fulfills a critical role in modern pilot training through its superior performance characteristics.

ARQUUS

Product Name: FORTRESS

The Fortress MK2 is a 14.5 tonne armored combat vehicle. With its high mobility driveline, 340 hp engine, automatic drive and independent wheel suspensions, the Fortress is the perfect balance of weight/power ratio, important payload and exceptional all-terrain capabilities. Its armored monocoque hull offers a large internal volume, as well as great protection against ballistic aggressions, mines and Improvised Explosive Devices (IED), in compliance with STANAG 4569 standard. Available in personnel carrier and logistics versions, offering high protection and high mobility. The APC vehicle version can also be converted to ambulance and command post versions. The Fortress is already serving in Special Forces units.

QIBLATIN SYNERGY SDN BHD

Product Name: Draeger LAR8000

Closed circuit rebreather with oxygen; Semi-closed circuit rebreather with nitrox.

S.M.S., SPOL. S R. O.

Product Name: AGLO I Unmanned Aerial System

Unmanned Aerial System AGLO I mini mini is a high powered small aircraft being designed for observation missions at low altitudes and for shorter distances up to 2,5 hours or 20 km. The system shall be brought to a zone of operation, be unpacked, assembled, launched, and controlled including return from the mission by two operators. It is capable to operate in different (extreme) weather conditions (in wind, snow, dust, or rain) from 20 C. to +50 C. The system has the following benefits: Airframe made from the composite materials Kevlar and carbon fiber, which are very light, but powerful, MEMS technology used in INS / GPS high precision.

MITTLER REPORT VERLAG GMBH

Product Name: European Security & Defence

EUROPEAN SECURITY & DEFENCE (ESD) The future of thought leadership Knowledge Based Influence (KBI) see www.euro.sd.com Versatile, focussed, top level, specialist publication of Mittler Report Verlag, Bonn, Germany. 20,000+ subscribers, 11 issues annually. Sister magazines: see www.mittlerreport.de. ESD: INTELLIGENCE FOR THE INTELLIGENT™

UNIVERSAL MATRIX TECHNOLOGY CO., LTD

Product Name: ANTIDRONE

Anti-drone system is one of our key product applying leading technology and our experiences in design, research, and development RF jamming system. The system combines 3 major components which are Detection system, Defeat system, and Command and control system. All works together effectively.

CLARION DEFENCE AND SECURITY

Product Name: DSEI 2023

Conference & Exhibition

MINISTRY OF DEFENCE INDUSTRY OF THE REPUBLIC OF AZERBAIJAN

Product Name: UAV Orbiter 3B

Unmanned aerial vehicle

NATIONAL RADIO & TELLECOMUNICATION CORPORATION (NRTC)

Product Name: Roied Jammers

WESTSTAR DEFENCE INDUSTRIES SDN BHD

Product Name: Rapid Ranger

Rapid Ranger represents latest generation of automated Firing Unit for VSHORAD missiles. Rapid Ranger system includes a high degree system automatic including ATT and BIT, easy to use, maintain and minimizing training requirement for the crew and maintenance. Rapid Ranger equipped with the latest generation of thermal and daylight imaging sensors ensuring that it can detect and track fixed wing, rotary wing, cruise missile and UAV target using StarStreak and Light Multiple Missile (LMM).

EAST GEAR (INTERNATIONAL) CORP LIMITED

Product Name: E-Gear Tac-Comm Kit

E-Gear TACT-COMM Kit offers a full pack of head and eye protection and high performance communication system. Various combination of products suits your different needs in battle field, rescue mission, working place, etc.

THESE ARE SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

AIMPOINT AB

Product Name: Aimpoint® Acro P-2

Aimpoint® Acro P-2 is the smallest professional grade, enclosed red dot sight for pistols and other platforms.

DCI

Product Name: Drones and Counter-UAV

"Operational training & simulation for pilots, sensor operators, imagery analysts, mechanicsâ€¦ - Design, construction and operation of your own UAV / C-UAV Training Centers - UAV fleet operations (e.g. ISR missions). - Consulting & assistance: doctrines, CONOPSâ€¦"

MSM HOLDING S.R.O.

Product Name: 155mm artillery ammunition

CETC INTERNATIONAL CO., LTD.

Product Name: SLC-2E (B) Weapon Locating Radar

SLC-2E (B) Long Range Weapon Locating Radar adopts the cutting edge technology and serves as multi-functional radar used for location of ground weapons and the detection of air targets. SLC-2E radar is applicable for the army combating in various battlefield environments such as desert, mountain, plain in all weather. It enjoys the features of high reliability, excellent performance, high mobility, easy operation, and battlefield survivability for field operation.

MANITOU

Product Name: Manitou Heavy Telehandler MHT 10180

The MHT 10180 is a telescopic handler with a capacity of 18 tonnes and a maximum lifting height of 10 metres: the perfect solution for container handling!

SEOUL INTERNATIONAL AEROSPACE & DEFENSE EXHIBITION

Product Name:

SKYBASE SPARES SDN BHD

Product Name: EASTMAN TURBO OIL 2380

Eastman Turbo Oil 2380â„¸ is still one of the most widely used turbine oils in the commercial aviation industry. It was one of the first turbine oils to be qualified and approved for MIL-PRF-23699 STD (Standard) class and subsequently SAE AS5780 SPC (Standard Performance Capability) class.

IVECO DEFENCE VEHICLES

Product Name: Eurocargo

The Eurocargo is based on a medium off-road Truck with up to 15t GVW and high payload. Available in a range of variants in 4x4 and 4x2 configuration, the Eurocargo has a rugged frame and proven driveline making it ideal for roles ranging from Homeland Security to Military Logistics.

MINDMATICS SDN BHD

Product Name: PRIMA

PRIMA is a customizable portable cabin designed based on clientâ€™s requirement. Depending on the clientâ€™s requirement, PRIMA can be used as operation base, communication centre, medical centre or a weather station. This ensure a centralized or more organized operation which in turn improve operation efficiency. Equipped with various support features, PRIMA also can be customized into an expandable cabin which provide more operational spaces inside the cabin.

SPECTRA GROUP (UK) LTD

Product Name: SlingShot

SlingShot delivers command and control tactical communications over 1000s km. It is a unique system that enables in-service U/VHF radios on all platforms to use commercial satellites. It also connects radios of different frequencies for interoperability.

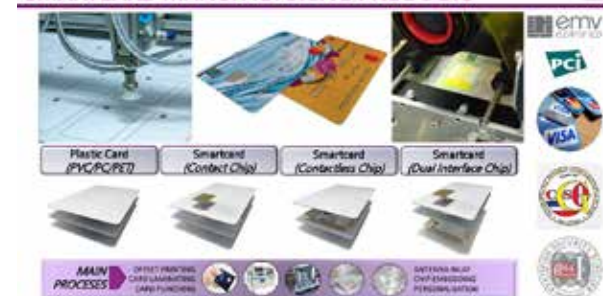

PERCETAKAN NASIONAL MALAYSIA BERHAD

Product Name: Smartcard Solutions

PNMB's smartcard production is equipped with state of the art card production machines including card making, chip embedding, inlay making, offset printing & card personalization capable of producing 12mil smartcards/year. PNMB is Chief Government Security Office (CGSO), Europay Mastercard Visa (EMV), Payment Card Industry (PCI) & ISO 14298 (Integraf) certified and partners with major international chip manufacturers and Cybersecurity Malaysia for use of chips & operating systems at highest security levels. PNMB Smartcard Solutions can be implemented with new sophisticated electronic chips with added on layers of security modules such as Multi-Modal Biometric systems (Iris, Fingerprint, Facial Recognition), Near Field Communication & encrypted QR Code operability. Smartcard Solutions overview: 1.Format: Contact, Contactless, Dual Interface Smartcard 2.Materials: PC, PET, PETG & PVC 3.ISO/IEC 7816 compatible commands 4.Optional security to protect card & data in a well-defined security structure.

SMARTCARD MANUFACTURING PRODUCTS

MILUX PROTECTION

Product Name: Millux Protection Armouring steels

Millux Protection steel grades are Millux Protection 380/400/400T/450/500/600. All bullet proof tested and approved Can be delivered plasma or laser cut, bent, machined, welded and surface-treated and always according to customer needs.

HUTCHINSON SNC

Product Name: Protected Rims, Runflats, Tyre protection, Fuel tank Protection

Protected Rims, Runflats, Tyre protection, Fuel tank Protection

RSI TECHNIK SDN BHD (ROHDE & SCHWARZ MALAYSIA SDN BHD)

Product Name: SOVEREIGNTY SECURE NATIONAL COMMUNICATIONS SOLUTIONS

Today's military missions are typically based on joint and combined missions in a multinational environment. A key factor for the success of such missions is the ability to gain information superiority through network centric operations. Effectiveness and survivability depend on this. In the digital era, information superiority is taking on a new, expanded meaning. The ability to store, share and interpret a large number of data sets on the digital battlefield calls for sustainable solutions to effectively protect this data in information spaces. SOVERON® stands for more than fully integrated, high performance and scalable trusted communications solutions for all branches of the armed forces. SOVERON® enables customers' digital sovereignty and gives them the greatest possible independence from manufacturers. The prerequisite for digital sovereignty is technological independence.

THESE ARE SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

ARGUS INFORMATION TECHNOLOGY CO., LTD

Product Name: DMS-Series Intelligent Long Range Camera

25-75mm thermal lens, 7-330mm optical lens, LED lighting, Laser illumination, audio alarm output, tilt - 90°~+90°, pan 360°

CHINA SHIPBUILDING TRADING CO., LTD.

Product Name: 1500 TON OFFSHORE PATROL VESSEL

XSPEC TECHNOLOGY SDN BHD

Product Name : Thermo Scientific™ Gemini™ Raman and FTIR Chemical Analyzer

Identify a broad range of unknown chemicals and explosives in the field quickly, safely, and confidently using FTIR and Raman spectroscopy in a single instrument, including low concentration analysis. The Thermo Scientific™ Gemini™ Analyzer with LowDoseID is the first to integrate these complementary and confirmatory chemical identification techniques in a rugged, lightweight, handheld solution. Available with the HazMasterG3™ decision support system from Alluvium LLC, Gemini gives military personnel, bomb technicians, hazmat teams, and first responders significant tactical advantage, helping them minimize time on target and confidently make life saving decisions.

RETIA, A.S.

Product Name: ReTwis

Detection of persons situated behind a solid barrier

TRACERCO ASIA SDN BHD

Product Name: Tracerco Radiation Dose rate Monitor

Measure dose rate and peak exposure with alarms

ZTS - SPECIAL A.S.

Product Name: 30 mm Automatic Gun GTS-30

SYDOR TECHNOLOGIES

Product Name: Sydor Air Weapons Scoring System

A complete scoring system, view datasheet and video overview here: <https://sydortechnologies.com/ballistic-impact-testing/scoring-systems/awss-air-weapons-scoring-systems/>

FAUN TRACKWAY

Product Name: Heavy Ground Mobility System

The Heavy Ground Mobility System improves the mobility of heavy duty transport within challenging ground conditions. Comprising of M150 Trackway® and deployment and recovery system to suit, this is the perfect solution to tackle route clearance, bridging ingress and egress, and over the shore operations.

DESAN SHIPYARDS

Product Name: Emergency Response and Divers Training Boat

*-Divers Training *-Emergency Rescue *-Emergency Support Tasks for Diving Operations *-Excellent seakeeping All around visibility *- Decompression chamber

HIRTENBERGER DEFENCE EUROPE GMBH

Product Name: Hirtenberger 60mm M6 C Commando Mortar System

SIMSOFT

Product Name: Simsoft Corporate Catalogue

Simulators Systems, Defense & Aerospace Systems, Visual Systems, and Gaming & Simulation

METRODAT - MILAN BUCHEL MB SPORT

Product Name: LAWAREC BRICK LASERRADAR WARNING RECEIVER

Lawarec brick is a distributed modular detection system used for the protection of mobile and stationary object against target designation, recognition and missile guidance.

TBT

Product Name: Stabilized gimbal camera

It is possible to produce from a lightweight gimbal of 1kg size to a high-performance gimbal of 100kg, and we are supplying products that meet the specifications of our customer's demand. It can be mounted on armored vehicles, UAVs, USVs and ships

DEFENCE INSIGHT SHEPARD PRESS LTD.

Product Name: Shephard Defence Insight

Never miss an opportunity again with integrated defence procurement data: Shephard Defence Insight is a powerful tool that integrates actionable defence programme, equipment and company information at an actionable cost.

BADA Heavy Industries CO., LTD,

Product Name: Helicopter Traversing System

The Helicopter Traversing System has 3 model including 3 winch 5 wires type, Rail type and Handler tugging type.

PAKISTAN AERONAUTICAL COMPLEX (PAC)

Product Name: Super Mushshak aircraft (MFI-17B)

Super Mushshak is a light weight, robust, single engine, two-seater aircraft designed and manufactured by Pakistan Aeronautical Complex (PAC), Kamra and developed in accordance with FAR Part 23 in normal and utility flying category. The aircraft is equipped with state-of-the-art glass cockpit configuration, is capable of aerobatic maneuvers and has flown over 1 million flying hours with users across the world. The aircraft has been flying with Pakistan Armed Forces since last 40 years. On the basis of its excellent design, performance characteristics and diversified utility in both Military and Civil aviation sectors, Super Mushshak aircraft has attracted many customers across the globe including Saudi Arabia, Oman, South Africa, Qatar, Iraq, Nigeria, Azerbaijan, Zimbabwe and Turkey.

THESE ARE SOME OF THE PRODUCTS WHICH WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

STEYR ARMS GMBH

Product Name: STEYR AUG A3

The bullpub assault rifle with thousands of options

DST DEFENCE SERVICE TRACKS GMBH

Product Name: Track Link

Steel casted track link with rubber pad

RESECURITY INC

Product Name: Context (Cyber Threat Intelligence Platform)

Context - is an intelligence platform enabling enterprises and governments to accelerate analysis, prevention and investigation workflows with the goal of discovering valuable insights, and supporting better decision-making, using lightning-fast search and data science. The product is oriented towards intelligence analysts, investigators, SOC/DFIR teams, risk management and C-level security executives.

POLIMASTER EUROPE, UAB

Product Name: Multipurpose Hand-Held Radiation Monitor/Identifier PM1401K-3P

The smallest and the most lightweight instrument in the world, which is capable to operate simultaneously as an alarming device, search instrument, survey meter, spectrometer and identifier. The instrument can be used both indoors and outdoors and is intended for everyday and/or emergency use by officers of radiological and isotope laboratories, specialists of different industries, agriculture, transport, medicine, customs and border services, firefighters, military, police and other first responding agencies.

RASHTRIYA METAL INDUSTRIES LIMITED

Product Name: 9MM CASE CUPS AND BULLET JACKET CUPS

DAESAN PLANT Co., Ltd

Product Name: Body Armor

(1) Standard : NIJ STANDARD 0101.06 (2) Level : Level A, Level II, Level A, Level III, Level (3) Types : Vest, Jacket, antimine etc. (4) Remark : Generally army inserts level BP plates in level A vest. The price will be different up to design and vest BP levels.

HANGZHOU HIKVISION DIGITAL TECHNOLOGY CO., LTD. / HIKVISION (MALAYSIA) SDN BHD

Product Name: HM-TR13-35XF/W-TH35

HIKMICRO OWL series is a durable and professional handheld thermal monocular with high sensitivity detector and high IR resolution, which offer outstanding vision in challenging environments.

THEON SENSORS S.A.

Product Name: NYX

Dedicated Night Vision Binoculars

DMD GROUP A.S.

Product Name: ZUZANA 2

155 mm SpGH ZUZANA 2 is a self-propelled autonomous artillery system with automatic loading of ammunition which is capable to provide effective fire by both direct and indirect aiming.

OPTOKON, A.S.

Product Name: LMSR-R63 Ruggedized next Gen Gigabit Router

2x GE WAN + 4x GE LAN ports, PoE The OPTOKON LMSR-R63 ruggedized router based on Cisco Next Gen GE Embedded Router 6300 is optimized for military networks that require IP routing and services. The compact router provides highly secure data, voice, and video communications to stationary and operational tactical network nodes.

MILDEF INTERNATIONAL TECHNOLOGIES SDN BHD

Product Name: TARANTULA HIGH MOBILITY ARMoured VEHICLE 4x4 (HMAV)

Tarantula 4x4 vehicle is the first Malaysian product in Armoured Defence Sector. Tarantula 4x4 is 100% design and build by Mildef International Technologies Sdn Bhd. Since launched in 2021, Tarantula 4x4 undergoes severe and harsh testing environment. Tarantula 4x4 passed all the requirement and testing protocols that meet the requirement by the Malaysian Army. Now, the Tarantula 4x4 is continuously being developed for other variant and specification in order to fulfil the operational and tactical doctrine.

ASIA CODING CENTRE SDN BHD

Product Name: T4

Rifle, Model Quad Rail Aluminium, Caliber 5.56x45mm, Barrel length 11.5", 30 Round magazine steel, Stanag flash suppressor, Telescopic stock and Ergonomic pistol grip.

MOTOROLA SOLUTIONS MALAYSIA SDN BHD

Product Name:

Motorola solutions has created the first and only mission-critical ecosystem built specifically for public safety and enterprise. It is a connected technology ecosystem that unifies voice, video security and access control on a common operating platform.

MAGNUS AIRCRAFT

Product Name: Magnus Fusion Sentinel

Magnus Fusion Sentinel aircraft are equipped with optional accessories, of which the surveillance camera system is a permanent feature. The device enables, among other things, the surveillance of agricultural and wildlife animals, the execution of aerial missions for defence and military support purposes such as search and reconnaissance. Fusion Sentinel, together with an innovative modular deployable container system, can also provide solutions for disaster management, border protection and emergency medical services.

JAKUSZ SP. Z O.O.

Product Name: IRIS

EOD vehicle with gastight explosion-proof container Innovative solution for fast and smooth operation in the urban area. Enabling transport of terrorist weapon or IED found in public places. Protects people & surroundings from all effects of explosion. Contains equipment / tools of bomb squad eg.: robot, EOD protective suit, X-ray. Gastight construction with post-detonation gases sampling system. Can be located on various chassis as preferred by the customer.

THESE ARE SOME OF THE PRODUCTS WHICH
WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

EUROCONTROL SPA
Product Name: 3kVA UPS
MILITARY QUALIFIED UPS

SCHMIDT & BENDER GMBH & CO. KG
Product Name: 1-8x24 PM II ShortDot Dual CC
This is a most technically advanced riflescope, since the 1 8x24 PM II ShortDot Dual CC combines in an 8x zoom ratio system a distinct illuminated red dot in Second Focal Plane with a First Focal Plane tactical reticle. This being said, it can be used as a red dot sight for quick engagement of close targets while the MiDot base reticle can be used for accurate ranging and compensation for hold offs and hold under/over. The generous eye box/exit pupil supports fast acquisition on any magnification. These combined features create the most advanced multipurpose Close Combat and mid range riflescope design.

SAAAB AB
Product Name: RBS 70 NG
RBS 70 NG is a ground based air defence system consisting of a launch and guidance unit (LGU), missiles and a C3 function. It is deployable as a MANPAD system or to be mounted on a vehicle.

KYOUNGDO CO., LTD.,
Product Name: EW-K401
"SCREW" dial system for quick and simple lacing

MEOPTA - OPTIKA S.R.O.
Product Name: MeoPro Optika6
The line of riflescopes is designed to give hunters and shooters the features and quality they need and deserve in a highly specialized, affordable optic.

WESCOM GROUP
Product Name: Vehicle Launch Grenades
Wescom Defence Vehicle launch Grenades in 66mm and 76mm provide screening and produce a rapid optimum smoke cloud with no 'window hole' effect. when launched in salvoes. Available with and without Red Phosphorous and multi spectral.

KONGSBERG DEFENCE & AEROSPACE AS
Product Name: NASAMS Air Defence System
NASAMS (Norwegian Advanced Surface to Air Missile System) is the world's first operational Network Centric Short to Medium Range Ground Based Air Defence System. The KONGSBERG /Raytheon NASAMS Air Defence System features net centric architecture, multiple simultaneous engagements, Beyond Visual Range (BVR) capabilities, closely integrated and adapted to a country's integrated air and missile defence (IAMD). The NASAMS network expands the defended area and enhances the total fighting capability of the armed forces.

HINDUSTAN AERONAUTICS LIMITED (HAL)
Product Name: Light Combat Aircraft (LCA) Tejas
Tejas is a single engine , light weight, highly agile, multi role supersonic fighter. It has quadruplex digital fly by wire Flight Control System (FCS) with associated advanced flight control laws. The aircraft with delta wing is designed for 'air combat' and 'offensive air support' with 'reconnaissance' and 'anti ship' as its secondary roles. Extensive use of advanced composites in the airframe gives a high strength to weight ratio, long fatigue life and low radar signatures. Aeronautical Development Agency is the designated project manager for the development of LCA.

SCYTALYS S.A.
Product Name: MIMS Airborne
A Mission System, fielded in contemporary Maritime Patrol Aircrafts (MPAs), that constitutes a risk-free, cost-efficient choice, for fulfilling the operational requirements of Maritime/EEZ Surveillance (MS), Search And Rescue (SAR), along with the ASuW and ASW missions.

SCIENCE & TECHNOLOGY RESEARCH INSTITUTE FOR DEFENCE (STRIDE)
Product Name: Remote Control Weapon System (RCWS)
Remote Control Weapon System (RCWS) is a weapon control system that can be integrated with weapons and support equipment (for example day/night camera, laser range finder etc.)

ECA
Product Name: ECA GROUP - UMIS - Unmanned MCM Integrated System
ECA Group offers a whole range of naval drones and systems that are optimized to successfully perform an operation at sea in various activities such as Underwater Mine Counter Measures, counter-piracy, harbour or asset protection. For underwater Mine Counter Measures, ECA Group is an expert in the development of mission-driven interoperable systems capable of tackling the most demanding Mine Warfare missions. Developed by ECA Group, UMISTM is the new generation Mine Counter Measures (MCM) Unmanned Systems. UMIS is able to carry out any MCM mission, using a collaborative system of surface and underwater robots. UMIS has proven to be faster in fulfilling operations, more efficient, cost-effective and safe, as the crew is kept away from the minefield. Comprehensive and modular, UMISTM includes a wide range of interoperable unmanned vehicles such as USVs, UUVs (AUVs, ROV, MIDS ROVs), towed sonars, UAVs, etc. All of these unmanned systems integrate a comprehensive software suite UMISOFTTM, acting as a Command

ARQUIMEA AEROSPACE DEFENCE AND SECURITY, S.L.U.
Product Name: Electronic and information devices and systems for mortars
The company offers solutions including eCOMPASS, mortar aiming system; mCOUNTER, automatic fire counting system; TECHFIRE, mortar fire control system and SHEPHERD-MIL, the drone used as Forward Observer

WE PLATT MOUNTS
Product Name: PLATT Ring Mounts
FW (Open), TD Light Weight (Hatch), & MR Protected (Hatch) Series + Front, 360 and Overhead Protection Shield Kits + Accessories

THESE ARE SOME OF THE PRODUCTS WHICH
WILL BE DISPLAYED AT DSA & NATSEC ASIA 2022

BMC
Product Name: ALTUG 8X8 APC
Armoured Personnel Carrier Vehicle

YGM Co., Ltd
Product Name: Bulletproof Board
Our Bulletproof Board is produced UHMWPE material with a special coating can protect a vessel from external shock. It reduced 15% of weight than others existing Bulletproof Board.

SEA
Product Name: Trainable Decoy Launcher System
The Trainable Decoy Launcher System provides a rapid response to threats enabling an effective countermeasure response limiting the need to manoeuvre the ship. The system has a small deck footprint with no deck penetration, and can be mounted in the same footprint as existing systems enabling capability upgrades to existing platforms.

PRIMETAKE
Product Name: Distraction Grenades
Safe, High Impact & Waterproof Distraction Grenades. 165 5 dB Sound Output. 0.5s 1.5s Customised Delay. 1 through to 9 Bang Options. 8,000,000cd Light Output. 350g 730g Weight Average.

FEEDBACK ITALIA
Product Name: Hushmeeting Phone
Featuring a proprietary hardware architecture that runs a custom hardened OS offering 256-bit AES encryption, the Hushmeeting phone allows to detect and prevent hardware-based-, malware-, trojans-, forensic and physical attacks.

AVON PROTECTION
Product Name: FM50 - Air Purifying Respirator
The FM50 is part of the latest generation of Avon Protection's CBRN full face mask, specifically designed to meet the latest NATO forces military mask requirements.

GUANGZHOU SYSMAX INNOVATIONS COMPANY LIMITED
Product Name: P20IX
Utilizing 4 x CREE XP-L2 V6 LEDs, the P20IX has a max output of 4,000 lumens, a max throw of 221m and a peak beam intensity of 12,200cd, ideal for law enforcement, assault operations, self-defense, search and patrols. The independently controlled quadruple LEDs are powered by a constant current circuit to provide a durable usage with guaranteed safety.

T-INDUSTRY
Product Name: SMALL TARGET POP-UP WITH ROTATION
The small mobile battery target pop-up with rotation ZDV_BAT_TI_ROT is equipped by latest technology for training simulations. Control and communication are based on the RF 868MHz communication technology with full multi-hop support. This network technology allows complete enhanced operating and monitoring over excessive area coverage. The battery units ensures several days of service with complete maintenance. Finished in rugged metal case according to IP65/20. Working range up to 4km LoS.

MEOPTA SYSTEMS S.R.O.
Product Name: MeoDot DF T2
MeoDot DF T2 is unique aiming system allowing the use of several aiming marks with electronics ballistics and rectification settings for a specific weapon system and caliber. Reflex sight is designed for fast and accurate aiming of weapon systems such as assault rifles (AR), submachine guns (SMG) or light machine guns (LMG). With the magnifier module or attached night vision device allows accurate shooting at short and medium distances day and night in semi-automatic or full-auto firing mode. Device is equipped with dual battery case.

EVPÚ DEFENCE A.S.
Product Name: Electro optical systems
EVPÚ Defence's short -, mid and long range surveillance systems offer a complete solution for boundary line protection, coastal surveillance, vessel traffic monitoring, airports, oil refineries, power plants etc. They protect against intruders 24/7. Radars, searchlights, day/night cameras, thermal imaging cameras and/or various optical sensors can be integrated to create a reliable 360 surveillance..

ADVANCED DEFENCE SYSTEMS SDN BHD
Product Name: CAESAR® 155MM 52 CAL SPH
Multi purpose, mobility, ease of implementation, sustained firing capability and survivability are the key features of the CAESAR®, arms system (compliant with the JB MoU 155mm / 52 caliber standard). It is fully interoperable with NATO 39 & 52 caliber ammunition. The CAESAR®, fire power is enhanced by its speed of operation, longer range and improved accuracy.

EVPÚ DEFENCE A.S.
Product Name: Electro optical systems
The TR3000 is a 2U 19" wideband HF transceiver for use in base stations, shelters, or maritime installations, and provides the user with a secure digital voice and up to 48 kHz wideband data capability. The high performance and customer configurability of the TR3000 is made possible by using the latest direct RF sampling and software defined radio (SDR) technology. TR3000 comes with features such as 240 kbps Asynchronous data as per in MIL STD 188 110D, Tactical Data Link using XDL as per STANAG 4538, 150W Transmit Power, Automatic Link Establishment (ALE) 2G, 3G and 4G, COMSEC, Automatic own position reporting (Internal GPS), Wi Fi hotspot for control and data interface and many more.

AVAILABLE FACILITIES AND SERVICES PROVIDED DURING THE EVENT

For the convenience of all patrons, the following facilities & services are provided during DSA & NATSEC ASIA 2022 :

 ORGANISERS' OFFICE The Organisers' Office located at Level 1A is operational throughout DSA & NATSEC Asia 2022.	 CAR PARKS Car park bays are available within the vicinity as well as the surrounding areas of MITEC including MATRADE building outdoor parking.
